POST GRADUATE DIPLOMA IN MANAGEMENT

PGDM

PGDM is a 2 year diploma programme offered by autonomous B-Schools recognised by AICTE that focuses on providing practical knowledge of management. PGDM full form is Postgraduate Diploma in Management and is equivalent to MBA if the college is accredited by AIU.

PGDM course duration is of 2 years and in order to be eligible for the course, candidates must have completed graduation preferably from management. But graduates from any stream can apply for this course. PGDM Admission is mostly based on entrance exams like MAT, CAT, XAT, and more.

A lot of working professionals and students prefer this management course because PGDM Syllabus is market and industry oriented. It follows current trends in the market and molds its syllabus accordingly.

SCOPE FOR PGDM HR

The Post Graduate Diploma in Business Analytics (PGDBA) – jointly offered by IIM Calcutta, IIT Kharagpur, and ISI – aims to help shape the emerging profession of business analytics by delivering a cutting edge inter-disciplinary educational experience to graduate applicants with an aspiration of building a career in this field.

PGDBA is a two year full time residential diploma programme aimed at creating business analytics professionals employable by leading Indian and foreign firms. This programme is designed for those who have an analytical mindset, are interested in tackling challenging business problems, and possess an inclination towards mathematics. Some of the salient features of the programme include courses taught by reputed faculty members at the campuses of three globally renowned institutes, hands-on business analytics training at a related company, continuous interaction with industry leaders throughout the course of the diploma programme, and the availability of placement opportunities at all the three institutes jointly offering this programme.

POST GRADUATE DIPLOMA IN BUSINESS ADMINISTRATION

Post Graduate Diploma in
Business Analytics (PGDBA)

Master of Computer Applications (MCA) is a two year professional post-graduate programme for candidates wanting to delve deeper into the world of computer application development with the help of learning modern programming language. The programme is a blend of both theoretical and practical knowledge. An MCA degree endows students' an opportunity to work with tools meant to develop better and faster applications.

Designed to meet the shortage of qualified professionals in the IT (Information Technology) industry, an MCA degree - in India - is offered by many colleges. Infact, there are various colleges that also offer integrated MCA programmes as well.
