MISSION

In pursuit of excellence through developing socially responsible, innovative and result oriented global business leaders

Our mission is to develop innovative, result oriented and socially sensitive business leaders by providing dynamic platforms with top class faculty and contemporary teaching methods for honing our student's skills and mould their minds into professional managers, ready to face challenges of the current business environment. We strive to create, incubate, initiate, innovate and apply knowledge to address the needs of individuals, industry and above all the trust of the society. We communicate values and impart the skills necessary for individuals to lead responsible, productive, and personally satisfying lives; through research, scholarship, and creative activities and enabling our students to be managers, entrepreneurs, and leaders with strong cultural values, business ethics to succeed in the global business environment.

VISION

To be globally known as a centre of excellence in professional learning

We cherish with passion to be globally recognized as a premier institution for quality education, research and a learning center for application of knowledge which is dedicated for the betterment of individual, society, nation and humanity in totality. We strive to instill in our pupil an understanding of the current and dynamic global environment and its challenges in order to best prepare them for a well determined and successful professional life pointed in current volatile global context. Anticipating a diversity of students from the length and breadth of the country under our tutelage, our prime focus is to foster an environment of uniformity that underlines the inherent disparities in culture, mental aptitude, and skill levels. We recognize knowledge as a means to unite our scholars in the face of cultural and social diversity and utilize its potential to the maximum to create a globally competent talent with a positive viewpoint towards challenges. We encourage students to think beyond the visible and use their power of imagination.

Our vision is supported by our deep rooted culture of amalgamation of quality education with leadership skills which instill our students with the requisite precursors for success. Our educational contribution is derived not only to derive success in life but also instill an acute sense of responsible living and a satisfying future in terms of social and academic excellence. Educational research has gone into generating the ideal mix of class room learning, real life project based learning and extracurricular activities that makes students not just intellectuals but also quick to think on their feet, thus equipping them for the journey to higher abodes of professional and personal life. We firmly believe in the need for change to begin right at the grass root level and that is the precise reason why we strive to inculcate spirit of innovation, creativity and achievement along with a sense of responsibility in our students. With this underlying vision, we undertake the utmost of effort and best strategies come to develop the right frame of mind for our pupils. We channelize all our resources to stand out as an institute and augment our endeavours towards becoming an organization of global repute and eminence. All our endeavours are directed towards fostering an environment of creative and conducive learning for our students, which define our constant strive for excellence.

The Society

Accurate Education & Research Society was established 2005, with the primary aim of:

- Providing education in various fields of Engineering Technology, Architecture & Management, by creating a pool of professionally qualified and skilled managers and entrepreneurs of world class standards.
- Catering to different segments of the nation and to contribute constructively and meaningfully to nation's growth & development.

The society has promoted the Accurate Group of Institutions including two management education oriented B Schools, namely Accurate Institute of Management and Technology (AIMT) and Accurate Institute of Advanced Management along with engineering institutions and pharmacy architecture colleges.

AIMT which was established in the year 2006 has to its credit various professional awards conferred by independent rating agencies, and various award groups for setting new benchmarks of excellence in the field of Higher Education.

MESSAGE FROM Chairperson

.....
Poojant Sharma
 Chairperson

The aim of education should be rather to teach us how to think, than what to think; rather to improve our minds, so as to enable us to think for ourselves, than to load the memory with thoughts of other men because an educational system isn't worth a great deal if it just teaches young minds how to make a living but doesn't enlighten them how to make a life."

Accurate Institute has an unwavering dedication towards inculcating the right aptitude amongst our pupils. It is not just an educational degree that we provide but a perspective that will help students in their journey climbing through the rungs of the corporate ladder.

To reach the top you have to have a winning aptitude and this is what we instill in our students. Being just bright is not enough anymore; recognizing this we have taken steps to infuse our curriculum with challenging aspects that contribute to a comprehensive growth of the mental faculties as well as a strong grasp over the intricacies of global business practices that serve the young scholars for years to come.

Strong academic and training programmes tailored around the needs of the current business scenario and level of competition lend our students the edge to make it successfully through their careers. Fostering an environment conducive to learning and presenting a stimulating and challenging milieu is what we focus on, enabling students to develop and hone their own analytical abilities and learn to be adaptive and proactive.

An education at Accurate is a complex array of instructions and interactions that prove useful in their fields of practice and contribute towards their success over a period of time. It is an endeavor to carve an imposing personality capable of taking challenges and meeting goals consistently.

It is an attempt at shaping your professional as well personal life so as not only to make you successful in the professional front but also a more responsible and conscientious human being. It is as much of an effort from us, as much of participation from you. With the carefully crafted and

intensively researched curriculum interspersed with aptitude and character building exercises, it is sure to be a life altering experience for a student. A commitment to better your present and your future is what we put forth; making the most of it is on your shoulders.

Let us grow together and make a mark where it counts the most.

MANAGEMENT PROGRAMME

Approved by

PGDM (Post Graduate Diploma in Management)

Aimshs offers its students a Two-year, full-time Post Graduate Diploma Course in Management which is duly approved by the AICTE, Ministry of HRD, Govt. of India and prepares them for the corporate life ahead in every aspect. The course extends over six semesters (3 credits each) and is interspersed with activities pertaining to theoretical knowledge, practical exposure, management techniques and their practical applications, personality development and attitude building.

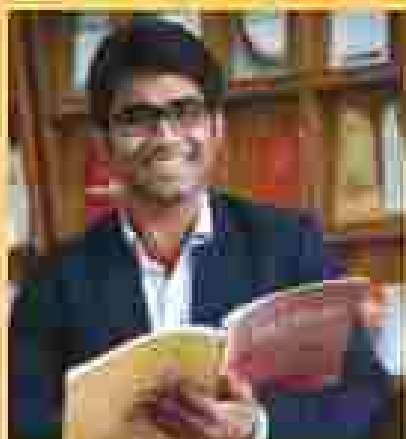

The entire curriculum has been devised putting in meticulous research and methodical planning employing novel and interactive learning techniques and incorporating the latest advances in the world of education. The entire course is fundamentally directed at strengthening the elementary grasp of students over management principles, underlying logic, and their practical application in an assortment of situations. The diet adapted for nurturing students seeks towards having inherent and required skills to perfection and in turn producing outstanding management graduates.

Students are given basic introduction and working knowledge of all the subjects pertaining to management in the initial stages of their course which then turn progressively more intense as the course times ahead. Students are given systematic exposure in various subjects like economy, statistics, research methodology, business ethics, understanding the dynamics of business movements, managing human resources etc. so as to develop a sense of professionalism and emphasize the importance of hard and honest efforts all the while, instilling positive human values facilitating them to be a good business manager and citizen's pursuit.

The choice of specializations offered to students are:

- Marketing
- Finance
- Business Analytics
- Banking
- Human Resource Management
- International Business
- Operations & Supply Chain Management

Note: Minimum 20 students to be registered for any specialization to be offered by the Institute for any session.

HIGHLIGHTS OF THE PROGRAM:

The program is approved by AICTE (All India Council of Technical Education) and is in line with global standards.

- Industry focused and market driven flexible curriculum
- Global exposure through Internship, International tour and training abroad
- Regular industry visits
- Constant updating of curriculum as the Institute has advisory and joint affiliation with university
- Curriculum and syllabus as vetted by faculty from IITs and industry experts
- Summer Internship program for better exposure of current business environment
- Hands on training and project based learning which makes students more employable
- Regular interaction with industry faculty which gives better visibility for students
- Last term is focused on dissertation project which gives students practical knowledge/business know-how
- Introductory communication & soft skill development program to help students to be successful in industry
- Entrepreneurship development is part of curriculum which helps the students to start their own business
- Foreign Language
- Support to start successful ideas and ventures
- Holistic personality development for leadership and social responsibility
- Mentor-Mentee system

Value Added Certification Programmes

General Certifications:

- Advance Excel
- Digital Marketing
- HR Analytics
- Tally
- Capital Market Module
- Supply Chain Management Certificate
- Analytics with - R

At srmvells we believe in well teaching the latest industry requirement for our students. We may add more or change the certification based on the industry needs.

Faculty (Faculty) 22/2024 (2024) (2024) (2024)

GLOBAL IMMERSION PROGRAMME FOR PGDM STUDENTS

Globalization has opened the doors for students to be a part of Global MNC and Foreign Corporations. To acquaint students with the intricacies of operations in foreign lands, we have been taking our students on global business pilgrimages. In the past our student teams along with senior faculty members have visited the following premier universities and had intensive experience of global management education:

- Nanyang Technological University, Singapore
- Management Development Institute of Singapore
- University of Auckland, New Zealand
- National University of Singapore

Acadate also organizes visits to other global universities to afford students a hands on experience of what life is like for corporates in these countries. Students also get a glimpse of what cultural barriers stand in their way and get an insight as to how to overcome them. Students on such trips are also awarded certificates for a 3 day workshop which further strengthens their profiles.

VISIT TO NANYANG TECHNOLOGICAL UNIVERSITY, SINGAPORE

The Students of PGDM batch 2008-10 were taken on an international educational tour for Singapore to the Nanyang Technological University. The rich exposure to all issues relating to global business is expected to give immense returns to the excited students who have now taken their assumed positions in the Corporate World. Singapore, a small country geographically less than half the size of Delhi, has taken gigantic strides since independence from British colonial rule in 1963 and Malaysian Federation in 1965. From a tiny nation inhabited by fishermen, to a modern oriented economy highly integrated into the world economy, Singapore can boast about an annual per capita income of USD 23,000, which is more than many Western European countries. With a population just under 5 million, the ethnic groups comprise of Chinese 77%, Malay 14%, Indian 8%, and others around 1%. Tamil is the 3rd official language of the country.

The components of Singapore's GDP are - Agriculture 1%, Industry 27%, and Services 72%. With no raw materials locally produced and internal demand for services pegged at low levels due to minuscule population, this clearly reflects the fact that Singapore is the international corporate choice as the hub for their Asian operations. The only major port is located in an island off the mainland, but is one of the busiest in the world pointing to a buoyant economy. Because of the salubrious climate, neighboring oceans under water and marine expeditions, sea-walk and many other exciting ways of relaxation and unwinding, Singapore is one of the preferred destinations for tourists and holiday goers. The country is known for discipline, corruption free governance, penchant for cleanliness and human values making people flock to

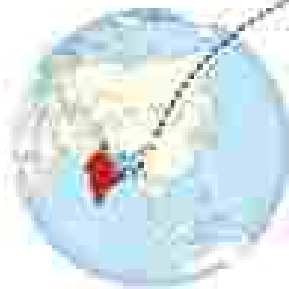

Singapore for all means including education. Nanyang Business School is accredited by European Quality Improvement System (EQUIS) and Association to Advance Collegiate Schools of Business (AACSB) and the ranking MBA is ranked 4th best in Asia Pacific, and 27th in the Financial Times Global MBA ranking. The students of ACCURATE were mesmerized by their experience during the visit and interaction with all the associates at Nanyang Technological University.

VISIT TO UNIVERSITY OF AUCKLAND, NEW ZEALAND

The Students of batch 2008-11 had wonderful memories of their recent visit to Auckland, on an education cum international exposure tour. The study tour conducted in 2 batches in Nov/Dec, 2010 was aimed at widening the horizons of their vision with regard to culture, academics, international business and trade etc. Auckland is the gateway to New Zealand, and as a vibrant cosmopolitan city one can expect to meet here people from all over the world. The climate is temperate, healthy but cool, is conducive for the dairy industry. Thickly populated, but highly prosperous, the city offers a glimpse of the future which is a truly international experience, as can be witnessed by taking a walk down Queen Street in Auckland's central business district. University of Auckland has a rich history of over 125 years, and today offers some of the best tertiary teaching facilities in the world. Learning in a few days research led environment clearly shows the contemporary nature of management education.

The students of both the batches returned with rich experience from the interaction with the student community, visits to industry, as well as sight-seeing at this extremely beautiful and clean city.

PGDM PLACEMENT AT ACCURATE

At ACCURATE, our focus is to groom our students not only on personal front but on professional front as well. We follow mentor-mentee system which enables students to face industry challenges. Our only aim is to get our students placed with great satisfaction. We believe our student should accept a job, which gives him/her satisfaction & strength to become a responsible citizen of the Nation. Our CSR team is our own strength & we are proud of our industry interface which has enabled us achieving our 100% placement track record.

Listed below are the USPs of our Centre for Corporate Relations Team (CCR)

We regularly conduct pool campus @ Accurate, so our students are ready for market competition. At Accurate we welcome other H Schools also to take part to our pool campus drives. Colleges from Delhi/NCR participate and after such competition, grabbing a job becomes even more interesting.

Our Placement USPs

1. More than 10% of our students are placed above 5 LPA.
 - Highest salary package 13 LPA
 - Average salary package 5.5 LPA
2. 10% of our students have multiple job offers.
3. By the time PGDM is completed, many of the our students would have completed one year for plus carry 6 months of work experience.

4. 100% of our students spend their Lectures in Corporate.
5. We start our placement process every year in the month of October.
6. Students are prepared as per corporate needs (Master Mentor System).
7. Personalized focus on each student.
8. We offer paid internship to all the students as per the interest / specialisation of the students.
9. Candidate grooming at Accurate makes them to earn between 25-45 LPA within 3-4 years.
10. For grooming we conduct the below sessions for all students.
 - Mock Aptitude test session
 - Mock GD/PI session
11. We also support our Alumni to enhance their career.

Some Regular Recruiters:

Barclays Bank, HDFC Bank, Industrial Bank, Reliance, Redington India Ltd, BSNL Corp (USA), Kotak Mahindra Bank, Investedrive Finance Ltd., Capital Via, Jain Education, Dober, Indian Oil, ITC, Capital IQ, HCL, Aptara, Darfluid, CADD Centre, Elite Wealth, JB Tyres, DMAR, CocaCola, ACC, Vedafare, Swagat, Kulkarni, Bank of Maharashtra, Yamaha, Airtel, Yes Bank, Indiabulls, IBM, Jippee Group, Axis Bank, IISIT, SufiNet, HP, DTDC, S-Band, Club Mahindra, Adobe, Ambuja Cement, ICICI Bank, Haldiers, Microsoft, Wipro, India TV, Berger Paints, American Express, 3i Dynamics, Beta, Apollo Tyres Ltd., Dm Logistics Ltd, WF, iSaxxa.com, Popico, Gintre, Pantaloon, Orma, Dr. Boddys, Naskit.Com, Fortis, Puma, Cusco Fizz, Accenture, Stellar and many more...

DEPARTMENT OF COMPUTER APPLICATIONS

Affiliated to

MCA (Master of Computer Applications)

College Code: 225

Advanced forms of institutions offer a two year full time regular course affiliated to Dr. A.P.J. Abdul Kalam Technical University Lucknow, (formerly known as UPTU), Lucknow) is approved by AICTE, Ministry of HRD, Government of India. In the formative years of information technology industry in India, various computer science and engineering programmes were introduced in Indian universities. During 1980's universities like Pune and Delhi University began offering Master of Computer Applications as a three year professional degree in computer science to equip students with the various areas of computing and information technology. Later on this was followed by many institutes, universities and engineering colleges throughout India to meet the growing need of computer professionals in the country.

MCA is a course exclusively designed to meet the IT requirements of IT trained students for various organisations. The well balanced course significantly emphasizes on planning, designing and building of complex commercial application software and system software. The course also places great importance on the functional knowledge in various areas. A two year full time MCA course is not just a postgraduate course, it is also a complete professional grooming for students for a successful career in the IT industry.

The core courses of this program are designed to introduce students to the various areas of computer science and engineering such as computer programming, software engineering, computer networking, database management, computer graphics and systems analysis. The MCA designation program in the India, emerging from the late 20th century as the country began to journey towards becoming an IT superpower and companies sought out information technology to business management.

Program Objectives:

The program aims at preparing graduates for taking up real world employment. MCA is designed with the objective of creating confidence in the engineering world and social community by training students to be capable professionals, equipped with the skills and knowledge of technology and management combined with human values.

The objectives of this program are:

- Develop analytical skills of students so as to understand practical situations and decision making skills. Build their effective communication skills.
- Create in depth understanding of industry dynamics including social and global industrial issues.
- Demonstrate effective team work in a diverse working groups and achieving organizational goals.
- Develop entrepreneurial skills.

Accordingly, the program has a large component of working in real world situations under the careful guidance of mentors.

Achievement of MCA Department

- 100% University Result every times.
- Excellent Placement Record.

ENGINEERING PROGRAMME

Bachelor of Technology (B.Tech.)

College Code- 225

The practice of engineering does not just reside in the domain of social interests. That is, the practice of engineering has an inherent (and unavoidable) impact on society. In light of the above fact, we are re-orienting the Engineering discipline in such a way so that we can play an instrumental role to build the new world.

The Engineering course was introduced in the college in 2006 with four branches with 60 intake in each, with overwhelming response to our engineering course, the overall intake has increased.

Branch	Code
Computer Science Engineering	CSE
Information Technology	IT
Mechanical Engineering	ME
Electronics and Communication Engineering	ECE
Electrical and Electronics Engineering	EEE

ACCURATE MAKES INDIA'S FLAG HIGH AT NASA

Team Accurate has added another feather in its success cap and set a milestone in 20th Annual NASA - The Great Moon Buggy Race - 2013 at Huntsville, Alabama, USA and made India proud by winning Moon Bowl II Lunar Science Quiz conducted on Thursday, April 25 at US Space and Rocket Centre, Huntsville, Alabama, leaving behind contestants from all the 100 teams across the world.

The quiz was conducted to test the participants' knowledge of the moon. The Moon Bowl consisted of questions about the moon's various physical characteristics, orbital elements, temperature and radiation environment, chemistry, exosphere, magnetism, coating, and geology, as well as topics regarding international relations.

The Moon Bowl followed Single Elimination Bracket format. All teams competed in the first round, with the winner of each pair progressing to the next round. Points were awarded to the team that correctly answered a question before

the opposing team, by posing the blunder bid. A correct answer was awarded one point. An incorrect answer earned no points, and the opposing team was offered the chance to answer. Once a team member had posed the blunder, the team had five seconds to answer, at which point the opposing team also might answer. Each round consisted of 10 questions.

On this moment of pride, Mr. Prakash Sharma, Group Director, Accurate Group of Institutions, informed that team Accurate has created the history by winning this award because it is one of the teams from India which got the NASA Honour first time in the history of 20 years of NASA - The Great Moon Buggy Race.

CAMPUS

ACCURATE ENHANCES OUR EMPLOYABILITY MEETING INDUSTRY STANDARDS THROUGH ITS UNIQUE PEDAGOGY.

ACCURATE PROVIDES INTERNATIONAL EXPOSURE THROUGH ITS WORLD CLASS CURRICULUM AND ACADEMIC TIE UPS WITH UNIVERSITIES.

AT ACCURATE WE GET THE OPPORTUNITY TO UNDERTAKE CONSULTANCY AND RESEARCH ACTIVITIES IN THE FIELD OF BUSINESS MANAGEMENT

ACCURATE ENSURES OUR OVERALL PERSONALITY DEVELOPMENT AND ALSO INDUCTATES MORAL & ETHICAL VALUES TO BECOME A SUCCESSFUL LEADER AND MANAGER.

ACCURATE HAS A LONG HERITAGE IN PROVIDING QUALITY EDUCATION AND TRAINED PROFESSIONALS TO OUR SOCIETY.

Infrastructure

ACCURATE has modern infrastructure and technological support to facilitate teaching, learning and personality development of its future managers. The state-of-the-art infrastructure developed over the years provides a conducive environment to study.

INFRASTRUCTURE

A place of learning, deemed for pursuit of higher education, necessitates a superior, appealing and accommodating infrastructure. Accurate, with its five colors, Preferring an environment conducive to learning for the students is just one of the aspects of our infrastructure. We appreciate how an aesthetically pleasing, calm, and serene milieu can contribute to a scholar's benefit. In view of the changing global business environments, we have outfitted our campus with every modern amenity while making it adequate to meet the diverse needs of students from all parts of the country. A carefully achieved sync between the global and local backgrounds is what makes Accurate unique and every bit of it shows in our campus.

At the heart of an educational institution, infrastructure plays a subtle yet tremendously fundamental role. In the pursuit of knowledge, quality and integrity are what lend weight to the institution's repute. Having been awarded for its infrastructure and initiatives for society, the campus at Accurate Institute stands as a tall ode to the values of excellence that we so cherish. In conjunction with a vast and striking campus, Accurate also boasts of being a pioneering E-Campus which has been recognized as a mark of the future we offer to our students. In this respect, Accurate stands shoulder to shoulder with major E-Schools of the country and is one of the best of furnished and equipped campuses in the entire northern region. The campus also stands as a testament to the devout allegiance that we have

owed towards besting to the country's didactic future. At Accurate, we undertake every conceivable endeavor in ensuring qualified talent is simply and suitably housed to churn out the best performance in business, an assemblage of managers ready to be transformed into the fabric of the corporate world. Every beam in the infrastructural cog can be re-adjusted to discern their role and importance in the entire scheme of things as below.

The Campus

Spread across sprawling 35 acres of land in the knowledge hub of Delhi/NCR, Knowledge Park, Gurgaon, Haryana, the institute is a sight to behold in its magnificence. The close proximity to industrial and corporate hubs affords students the unique and vital chance to liaise between studies and practical exposure and also makes placements more than an amiable and conclusive environment encourages engagement in scholarly activities more focused than deriving the maximum value out of a course pursued at Accurate.

Taking into account the fact that placement constitutes an important part of management studies, industry proximity provides a brilliant opportunity for students to be a part of the Corporate World in Delhi NCR and across the length and width of the country as well as abroad as soon as they conclude their course.

First rate technical support, a Wi-Fi enabled campus and rich learning prospects are what distinguish Accurate from the ordinary. Technologically superior adaptability at Accurate accretes better learning, grasping, and personality development among our students.

The Campus at Accurate is equipped with unrivaled infrastructure, state-of-the-art and vastly enriched core curriculum, and a dedicated staff for cultivating and maintaining excellent corporate ties which provides students with irreplaceable insights into the theory and application of business world. These facets of Accurate make it truly remarkable in scripting a future for you and place it amongst the exceptional exhibit schools of the country.

Professional Communication Lab

Tutorial

INFRASTRUCTURE

The Learning Centers

The pathway of a business can be arduous and demanding. However, at Accurat, the conventional notion of a classroom is left far behind. Here, the classroom is more of an interactive forum where students and instructors engage in a mutual process to extract the best out of your potential and the associated situation. A dynamic environment keeps your mental faculties sharp and focused and brings forth the best of you.

The workings of classrooms at Accurat, set in the form of laboratories with step-by-step assignments, interactive discussions and projects in an interactive environment. Furthermore, the classrooms are aesthetically perfected to enable clear discussion and better retention of used. Additionally, they are also outfitted with best in class technological aids like projector and audio-visual systems to ensure optimum learning. Classrooms are air conditioned as well for the comfort of students and promoting prolonged classes and discussions.

State-of-the-Art Computer Center

With the rise from the decline and eventual rise technology plays in today's business settings, at Accurat, we offer to equip our students with complete exposure to communication needs in business by training them in our computer labs with the latest technology. A round the clock unfettered high speed internet connection

further aids students in pursuing their studies at their convenience. All the machines making up the computer facilities are kept up to date with latest hardware configurations and software version to benefit the students as much as possible. The internet and internet connectivity across campus, multimedia ready workstations, firmware and software support and seamless broadband connection make a wonderful platform for students and instructors alike to emulate corporate environment and get a real time feel of operations at a corporate.

The Library

For an inquisitive and open mind, there is nothing better than a library to quench the thirst for information and comprehension. At Accurat, we recognize this need and identify with it providing for the most fertile breeding place for aptitude and wisdom. A vast array of books ranging on topics from course work to general interest and specific requirements adorn the library at Accurat. The library is run on automated software making sorting, indexing and access easy for our students. Ranging from periodicals to journals to reference materials and case studies on management and allied subjects, our library houses it all. We identified and recognize the need and growth for the most fertile breeding place for aptitude and wisdom.

Having over 10000 volumes of books and subscriptions to over 30 journals of national and international nature, our library also offers a wide gamut of newspapers, management magazines, reference books and e-journals, all made possible on account of the contemporary digital and internet ready computerized facility. For a student committed to the pursuit of wisdom beyond the confines of their classroom and intent to go deeper than the text books, there truly isn't a better world to explore.

Conference and Colloquium Facilities

Symposiums and seminars are an important part of management education as they form bulk of course curriculum. These are the avenues where students learn to break the barrier of

COMPUTER LABS

LIBRARY

LECTURE ROOMS & CONFERENCE, SEMINAR HALL

HOSTEL AND PLAYGROUND

INFRASTRUCTURE

being ordinary and start delving deeper into the fruitful shores of acquisition. Besides providing a platform for group discussions and guest lectures, it also provides a place for visiting speakers at the institute. With the sole purpose and intent, there are 2 spacious conference halls equipped with the best of audio visual facilities to enable sessions. Various aspects of management training like presentations, intellectual competitions etc. extend students going beyond the realm of the classroom for which these centrally air conditioned conference rooms make the ideal choice. Furthermore, visiting guest lecturers, multinational speakers, and management experts also make use of these conference halls for enlightening the young minds after time.

In addition, these are also employed to hold fests, other competitions, and other general entertainment purposes.

Cafeteria

As the old adage goes, "All work and no play makes Jack a dull boy". The students at Accurate too need their fair share of time to let their hair down and engage in some good tattered friendly joking. Their tiring schedule and unrelenting competition leaves little space to indulge in recreation and more often than not, just like studying becomes too monotonous, they need time to bond with their peers on a sociable note.

To facilitate this whiff of fresh air in an otherwise demanding day, the cafeteria at Accurate is an inviting affair, catered by skilled and serving a wide gamut of Indian and Chinese delicacies. For a quick bite and a relaxing time for friends, there is nothing better than the welcoming aura of good food and an impeccable atmosphere.

And for the breaks in between lectures, to relax and recharge, the campus also houses a Nescafe outlet that serves Italian snacks and a stimulating range of blends for the tired mind.

Hostel

The life of a student is undeniably demanding and strenuous and it takes a lot to cope with the pressure of studies, competition, and being hundreds of miles away from home. Even a minimum of warmth is most welcome under such circumstances. Paying due attention to the requirement, we at Accurate have made it campus lodging and boarding arrangements for

students that stand second to none in making the students feel welcome and relaxed.

A hostel for a student is not only a place where they put up during the course of their study programme, rather it is a veritable platform for peer to peer bonding and interactive learning as well. Lectures sometimes leave students in need for a simpler way of comprehension. The robust atmosphere of their hostel and relative ease of communication with their peers provides them the opportunity. The hostel facilities at Accurate have been planned and built in a manner that they provide the necessary calm and serenity combined with the perfect ambience and essential amenities for a life of comfort for the students.

The aesthetically designed hostel accommodation offer several facilities to students including:

- Separate lodging arrangements for boys and girls.
- Capacious rooms built in contemporary architectural style fitted with modern amenities and the best of furnishing.
- Exceptionally well maintained standards of hygiene.
- Two categories of lodging arrangements: Single (on a nominal supplementary charge) and liberally spacious well ventilated rooms on twin sharing basis.
- Study tables, cupboards, beds and basic furniture for each occupant of the room.
- Each floor stocked with well maintained and clean washrooms and restrooms.
- Running hot water for women.
- 24 hour power back up for uninterrupted study and discussion sessions.
- Carefully adorned common rooms with facilities for general entertainment like television, newspaper and an assortment of magazines.
- Enclosed recreational engagements like table tennis, carom, and pool table for those so inclined.
- Dedicated and accommodating hostel staff and watchful security personnel to ensure student safety and well being.

HOME AWAY FROM HOME

HOSTEL

The life of a student is habitually demanding and strenuous. It takes a lot to cope with the pressure of studies, competition, and being hundreds of miles away from home. Even a mother of words is most welcome under such circumstances. Paying due attention to this requirement, we at Accurate have made it a top priority to design and build accommodations for students that stand second to none in making the students feel welcome and relaxed.

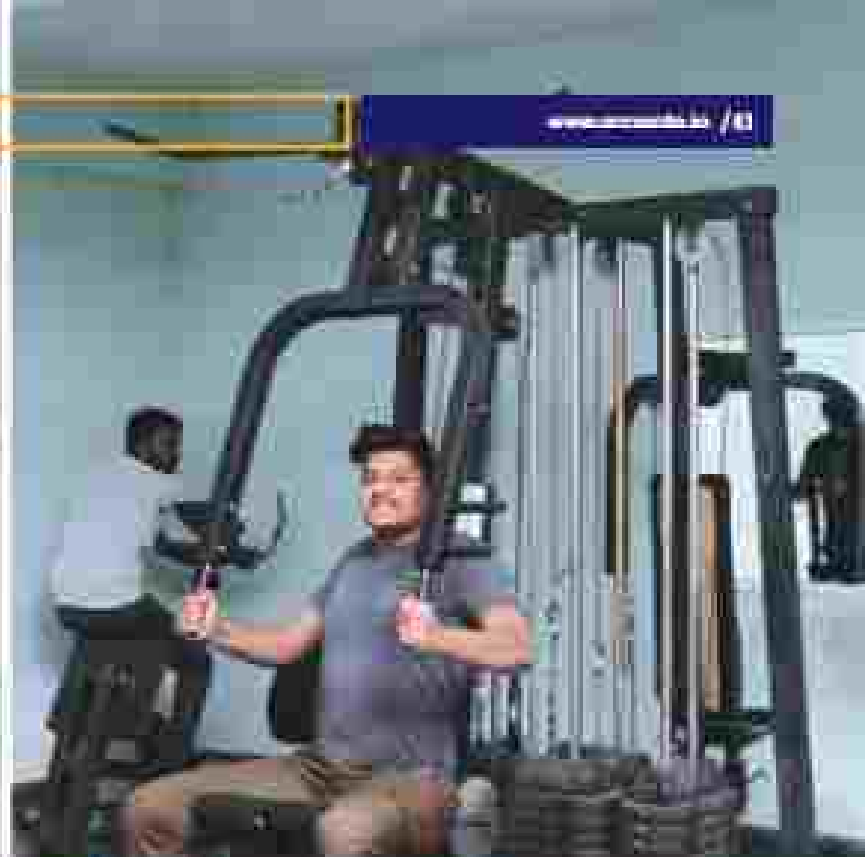

A hostel for a student is not only a place where they get up during the course of their study programme, rather it is a suitable platform for peer to peer learning and interactive learning as well. Lecturers sometimes know students is need for a simpler way of communication. The relaxed atmosphere of their hostel and relaxed ease of communication with their peers provide them this opportunity. The hostel facilities at Accurate have been planned and built in a manner that they provide the necessary calm and comely combined with the perfect ambience and essential amenities for a life of comfort for the students.

The meticulously designed hostel accommodations offer several facilities for students including:

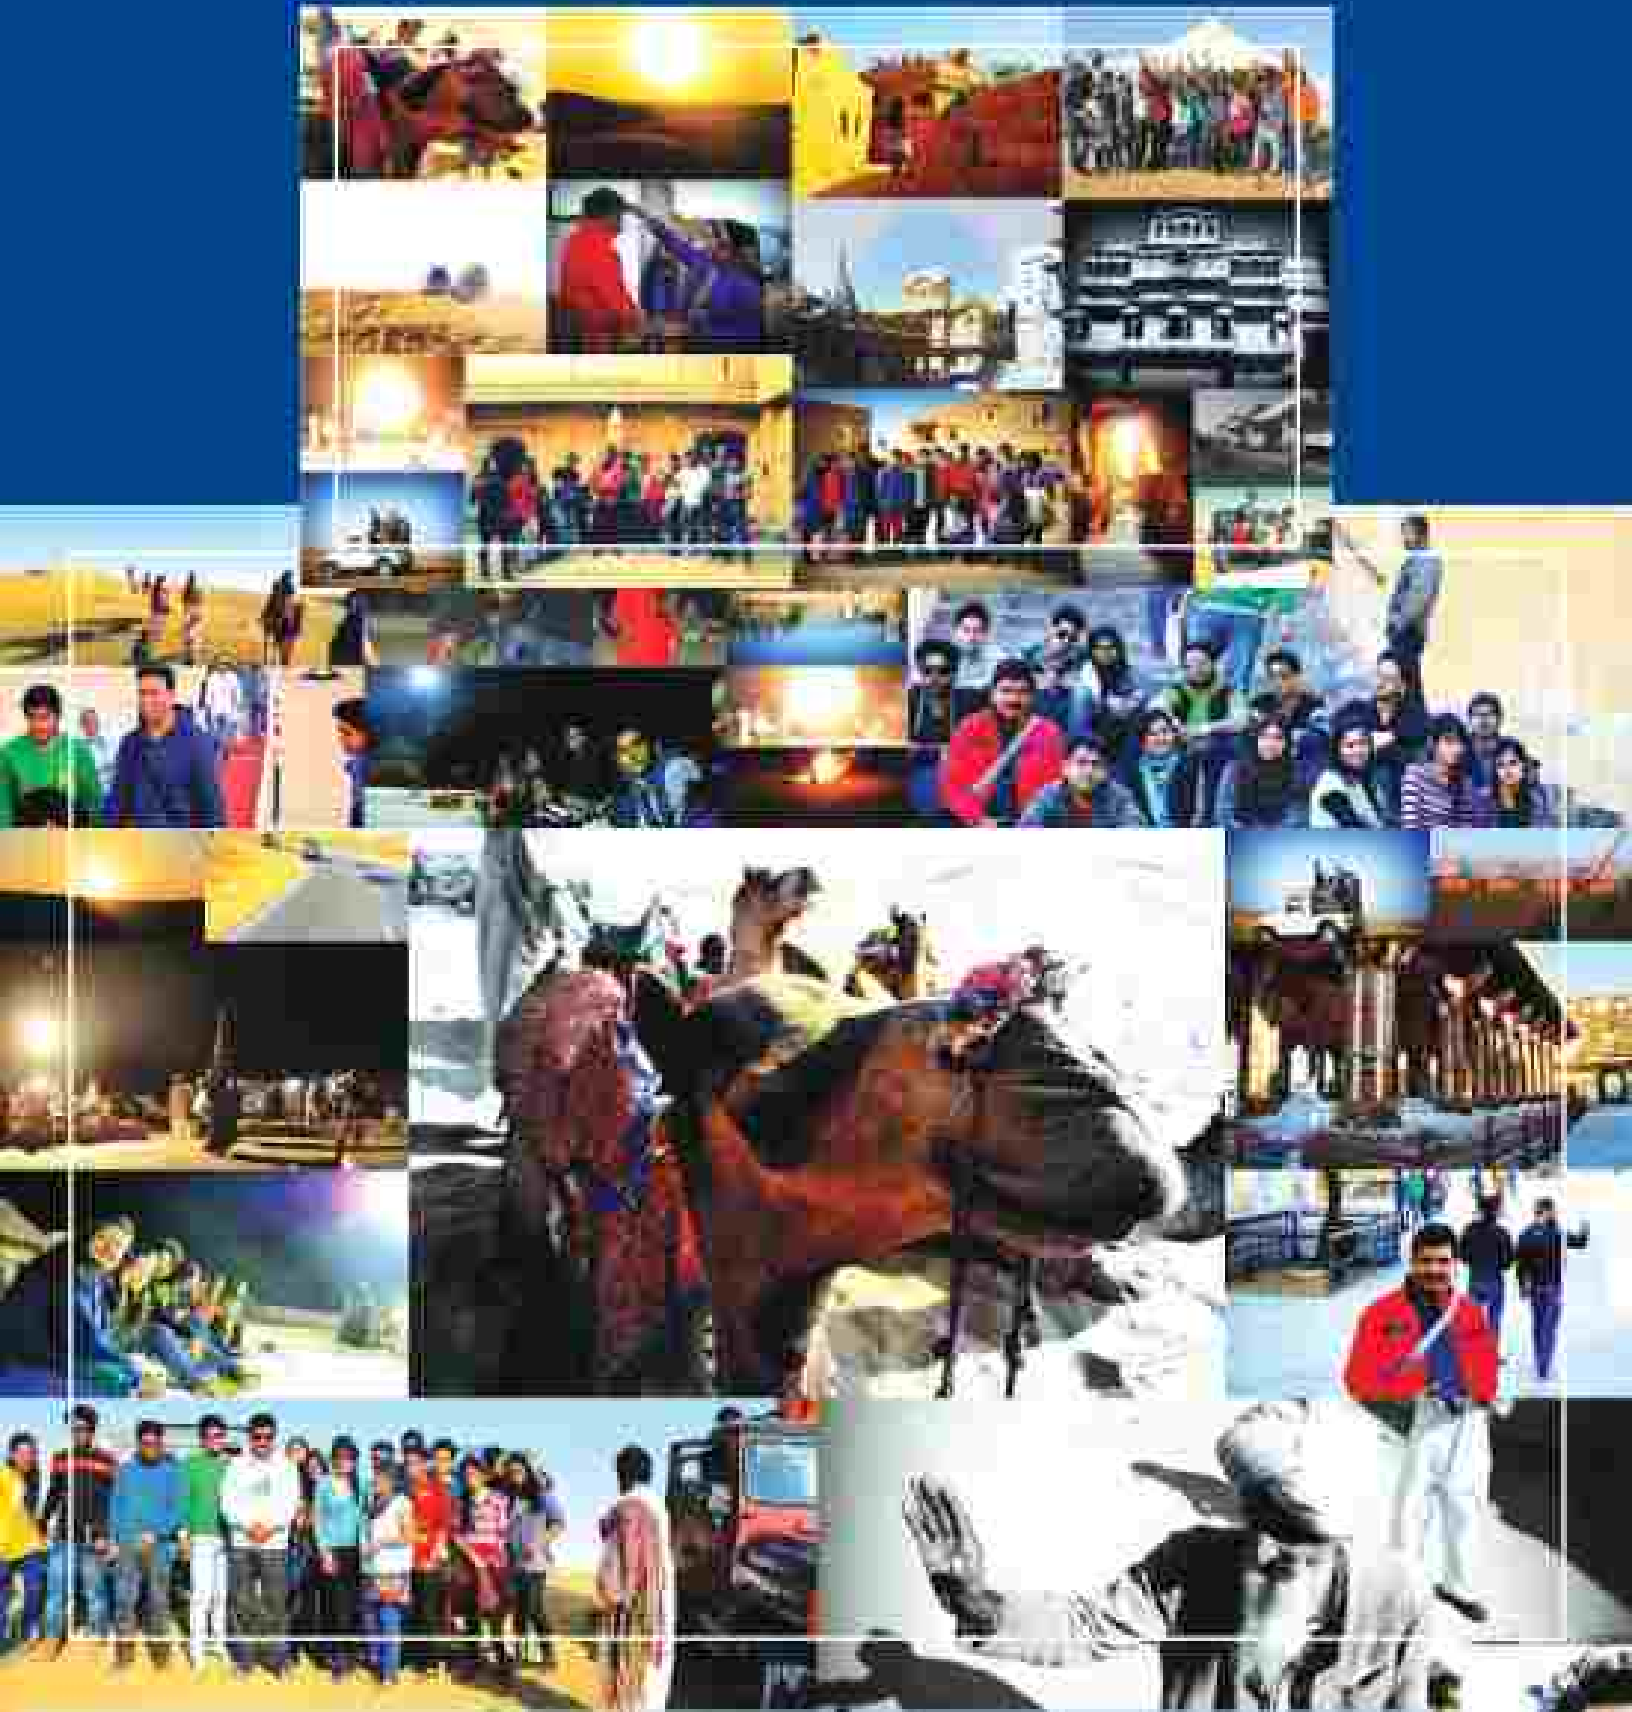

- Separate lodging arrangements for boys and girls.
- Capacious rooms built in contemporary architectural style fitted with modern amenities and the best furniture.
- Exceptionally well maintained standards of hygiene.
- Two categories of lodging arrangements: Single (on a nominal supplementary charge) and double (rooms with ventilated rooms on rate sharing basis).
- Study tables, equipment, books and books for reference for each occupant of the room.
- Each floor decked with well-maintained and clean restrooms and showers.
- Heating hot water for toilets.
- 24 hour power backup for uninterrupted study and discussion sessions.
- Tastefully adorned common areas with facilities for general entertainment like television, stereo, jukebox and an assortment of magazines for leisure and scholarly purposes.
- Extensive recreational engagements like table tennis, carrom, and pool table for those so inclined.
- Dedicated and accommodating hostel staff and watchful security personnel to ensure student safety and well-being.

There are many perks for a student boarding at the hostel in Accurate; the library is one facility facilities like computer center and library for an extended period being a few of them. Warm atmosphere at the hostel, in conjunction with the extremely cooperative and accommodating staff make hostel stay a wonderful learning experience for the people of the institute.

Be Vibrant

We understand that the same routine can be so boring. So to infuse vibrancy in your otherwise monotonous routine, we make you get involved in sports & cultural activities. There are also clubs and societies which will help you to widen your social circle and pursue your interest.

CULTURAL ACTIVITIES

Cultural activities are an integral part of our College's culture. It brings out the inherent talent that the diverse students add to our community. We have a rich set of cultural activities in the form of artistic performances like dance, plays, singing and more. The College has a cultural activities committee which takes care of all these events.

CLUBS & SOCIETIES

There is nothing more refreshing than doing something that you really love. So refresh your mind by being part of our clubs & societies. They are the best way to meet fellow students who share the same interest and also keep your passion regarding your interests alive. The College has several clubs catering to your varied interests giving you an opportunity to pursue them.

PLACEMENT @ ACCURATE

At ACCURATE our focus is to groom our student not only on personal front but on professional front as well. We follow monitor-mentor system which enables students to face industry challenges. Our only aim is to get our students placed with great satisfaction. We believe our student should accept a job, which gives him/her satisfaction & strength to become a responsible citizen of the Nation. Our CER team is our core strength & we are proud of our Industry Interface which has enabled us achieving our 100% placement track record.

Our placement center is whole heartedly committed to assist the student at every stage of their career search. The center works directly with management students, individually.

The Training and Placement Cell at Accurate is formed to boost its student's exemplary record in placements in the leading corporate sectors. It has consistently maintained an excellent 100% recruitment record. At Accurate we believe that each and every student is special for us and we have to take care of their future.

Excellent placement is always been a challenging job for every education institution and to achieve we have tried some new techniques of learning:

- We help students get prepare for the industries through quiz competition which was initially industry oriented. Like, "Accurate Quiz Master"
- We help students with the help of different social media. Like, "Accurate Facebook Contest"
- We scheduled Industrial Visits and Guest lectures in a different way so that students can enjoy while learning.
- With the help of industries we are trying to fill the gap of industries and Educational Institution so that students should feel comfortable while entering the corporate world.
- We have set up the Training Infrastructure for conducting value added training programs and enhance the employability of students.

ALUMNI SPEAK

Alumni are the shining beacons that corroborate the success story of Accurate. They represent the individuals who have led the life altering experience of Accurate and are now enjoying the richness of a professional degree from Accurate. They also stand on the bond between the institute and the industry. In this capacity, our alumni play a key role in shaping the future of the forthcoming batches. At Accurate, we arrange for regular interactions of students with the alumni to give them an insider's view of corporate world. Interactions with alumni enable students at Accurate to learn the key focus areas and core aspects on perfecting the most pertinent skills. At times, alumni are also the linking elements between the institute and the industry for final placements. These alumni represent the best of Accurate that have left the folds to live their dreams. They are the multifaceted beacons between the past, the present and the future of the institute.

A competent, energetic and creative manager that's what I'll miss today. Thanks to my Alumnator who is the best combination of emotional facilities, facilities provides the ultimate ground to unleash my energy, open my wings and soar high knowing there is someone to hold hand and track the best. Thank you Accurate for making my dream come true.

Mayur Kumar (PGDM) - (2021FA)
Audi/Thabi Commercial Bank (UAE)

It was my ultimate future to be part of AMT. The entire faculty and department looks no stone unturned to shape our's future. Their respect, love and devotion for entire faculty members, I am a proud student of AMT, a college that helps you stand stronger for what's coming in the future. What they teach you here is not just skill knowledge, it's experiences.

Anika Rai
(MBA 2020-21)

I like to thank Accurate Group of institutions and the faculties for providing their valuable guidelines in building my career. It is their hard work and esteemed guidance which helped me getting grounded for the competitive world.

Sheetal Sinha (PGDM) - (2021FA)
Mythic Energy

I am more than happy to have joined Accurate institution which made me believe in impact and challenge the unknown thus responsible for my holistic development. Thanks to the placement department who supported us to get a good job in the competitive environment.

Ashutoshwal (B.Tech CSE) - (2021FA)
Law's Pvt. Ltd.

My education at Accurate has equipped me for this job and my enthusiasm ensured my success. Various activities such as Sem's, workshops and seminars at Accurate helped me a lot to understand the insights of the corporate world.

Mubash Khan (PGDM) - (2021FA)
Capital Via

My experience in ACCURATE has changed my life from being an individual who wants to live a life to an individual who wants to lead the life. The Training and Placement Department have brought about a change in the perspective of how I see the work life.

Mandrup Chandel (B.Tech CSE) - (2020FA)
Tulsi Navy

Joining Accurate is the best thing that had happened to me in the last year or so. And I've never looked back since then. Studying at ACCURATE is an experience in itself. The Director, Placement Department and staff are very supportive in all nature.

Priyanka Singh (MBA) - (2021FA)
IMB Bank

Joining Accurate is the best thing that had happened to me in the last year or so. And I've never looked back since then. Studying at ACCURATE is an experience in itself. The Director, Placement Department and staff are very supportive in all nature.

Rahul Raj (B.Tech CSE) - (2021FA)
SEEL Computers

Life is full of surprises here. I loved the way subjects are taught. The teachings enlightened my thoughts and I started to learn through practical ways. Every such and every moment spent at Accurate Institute of Management and Technology.

Priya Singh
(MBA 2021-22)

I am honored to be with this college. I am learning a lot of things, not only related with the subjects but also the technical knowledge and personality development. I am loving the experience in the college.

Rubina Gupta
(PGDM 2021-22)
