MIHAN CAMPUS

The permanent campus of IIM is being constructed at Dehagan Mulla, MIHAN 9 km from the Dr. Babasaheb Ambedkar Nagar International Airport. Built to cater to 600 students, the new 132-acre campus has been designed to minimize the environmental footprint while facilitating learning both inside and outside the classroom. The campus will be developed in three phases. Phase 1 covers approximately 60,000 sq.m of the site, and includes the construction of a state-of-the-art academic complex, library, administrative block, student hostel, sports complex and faculty housing. The campus will also house a Management Development Centre for the Institute's Executive Education Programme (EEP) and IIM Nagpur's entrepreneurship incubation centre, INTEC, in addition to other infrastructure.

ABOUT IIM NAGPUR

The Indian Institute of Management Nagpur (IIMN) was established in the year 2015 by the Ministry of HRD, Government of India, to facilitate multi-faceted management knowledge generation and dissemination through ethical and value-based learning, while catering to the needs of the emerging Indian economy. The Institute started its operations under the mentorship and guidance of the Hon'ble Union Minister.

IIM Nagpur has moved to its world class campus in the heart of the Multimodal International Cargo Hub and Airport at Nagpur (MCIHAN), the groundbreaking ceremony for which was conducted in the presence of Union Cabinet Minister Shri. Nirmala Sitharaman, the then Hon'ble Chief Minister of Maharashtra, Shri. Devendra Fadnis, and then Guardian Minister for Nagpur, Shri. Chandrababu Naidu.

IIM Nagpur is steadily carving its niche and outperforming other IIMs of its generation, ranking 4th in the Management Category in the National Institutional Ranking Framework (NIRF) 2021 announced by the Ministry of HRD, Govt. of India. In the seven years since its inception, as a rapidly growing new generation IIM, IIM Nagpur has strived for excellence in on-campus learning opportunities that facilitate intensive participation and extensive teamwork through critical thinking and decision making. The fast-budding strong alumni network has been setting milestones in the corporate space.

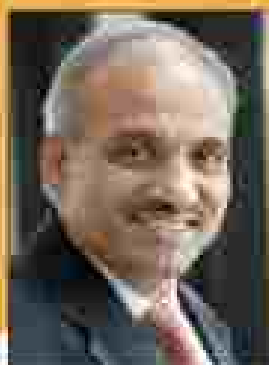

IM Nagpur has always strived for adaptability and has proven successful in staying in tune with ever-changing times, by making a move to digital platforms for online classes, online interviews, and guest sessions to serve the student happily during the challenges presented as a result of the pandemic this year.

The Institute is well-versed for capacity- and capability building among the students, striving to meet global academic standards and nurturing young leadership with its extensive use of case study methodology, industry visits, guest sessions, and classroom lessons. The Field Immersion Module and the International Immersion are some of the unique teaching techniques undertaken by the Institute to shape the students who are ready to face the everyday uncertainties of the business world.

The motto "Satyam evaodayayanti manushyachakrachi" reflects the Institute's belief in the constant striving for personal excellence as well as a collective quest and pursuit towards the continual unfolding of ever new vistas of higher-order realities. It provides a positive bias towards excellence in thought and action and lifelong learning through practices such as frogal innovation and entrepreneurial approach.

Director's Message

Greetings from IM Nagpur!

The academic year for the 2021–2022 cohort got off to a roaring start, with the best digital tools used to guarantee perfection and no barriers to learning, expertise, or business connections. The Indian Institute of Management Nagpur takes pride in its commitment to ongoing evolution and the pursuit of excellence as a young institution in the very centre of the nation. The dynamic and diverse nature of the Batch of 2021–22, as well as its appropriate alignment with the college learning mode, are manifestations of this sentiment.

With an average of 17 months of work experience and a stable stream of recent grads, the class is the perfect blend of experienced students and new graduates. Graduates from a variety of academic disciplines, including engineering, business, management, chemical engineering and related subjects, make up this group. This particular batch has got highest number of non-engineers. Experienced individuals have held positions in consulting, technology, manufacturing, FMCG, power and the financial services industry (IFS). The class is made up of an energetic, diverse group of individuals from 25 different states, with an average age of 24. The IM Nagpur students are prepared to satisfy both the rigours of the corporate world and the highest standards of academic achievement. The First Graduate Program's curriculum is structured to give students a thorough comprehension of the material and to position them for success in their chosen fields. The students master the fundamentals of the discipline under the guidance of exceptional professors with a strong record of teaching and research. Students get knowledge of and exposure to the corporate environment through our various industry exchanges, such as the Nano-Industry Academia Summit of IM Nagpur and the Utkarsh HR Credentia. During the international immersion programmes, students have travelled to Japan, Singapore, Dubai, France, and South Korea and learned invaluable insights. As a result, they develop both their intellectual and applied problem-solving abilities. At IM Nagpur, excellence extends beyond the classroom. While some students have already begun conducting research with international publications, others have gone above and beyond the requirements of the course curriculum to earn certifications like the CA and Six Sigma. IMN students actively participated in corporate competition and made a significant mark in the CFA Ethics Challenge, Flipkart Wisat, and ADGIP Avance. The students have also established themselves in a variety of sports at the zonal, state, and national levels, including karate, swimming, basketball, football, table tennis, and cricket. The I23-acre permanent IM Nagpur campus at MI-IMN with cutting edge technology has welcomed our students wherein the inauguration was conducted by the Honorable President of India. Seven batches of students at IM Nagpur have been part of rewarding internship and employment opportunities with both established businesses and up-and-coming start-ups. Our students have been head of a variety of positions, including consulting, marketing, business analytics, operations, finance, and strategy. Industry leaders are invited to our campus for guest seminars, conclaves, and panel discussions all year long to share their expertise with our students. We see this as evidence that the business community believes in the sincerity and potential of our students. I invite industry professionals to come and interact with the engaging Class of 2021–2022.

Also, I want to wish our students a fulfilling and fruitful professional future ahead.

Dr. Bhimendra Mann
Director, IM Nagpur

Chairperson's Message

Warm Wishes from IIM Nagpur!

Welcome to IIM Nagpur for the campus recruitment drive 2022-23. IIM Nagpur is a new kid on the block, but it is one of the fastest-growing B-Schools in India. Our goal is to become a preeminent management institution influencing management practices, public policy, and governance through top-notch education, research, and industry engagement. We have the best-in-class infrastructure and an excellent faculty who have created a fantastic learning ecosystem in the country's context.

The academic connections between IIM Nagpur and international institutions include the University of Lille France, Westminster Business School London, Chuo University Graduate School of Strategic Management Japan, Institut Mines-Télécom Business School Evry-Courcouronnes France. In addition, faculty from numerous international universities and senior industry professionals have taken courses at IIMN. These sessions enrich the students with worldwide expertise from academia and practice.

Over the years, IIM Nagpur has played host to prominent business leaders and key executives. These sessions have helped our students gain topical insights on current business challenges and the industry expectations from aspiring managers. The industry concourse couples the rigorous academic environment with information on the practical challenges professionals face daily.

The Class of 2023 is IIM Nagpur's youngest in history and consists of students with diverse educational experiences and professional backgrounds. Having started their academic journey online, they have seamlessly transitioned into an offline learning environment. I am confident that their inborn *ambidextrumness* will be an asset for any firm. Our students have a sense of team spirit, enabling them to solve complex problems in groups by generating and evaluating ideas and arguments.

I want to warmly welcome the organisations wishing to participate in the Campus Recruitment Drive 2022-2023 at IIM Nagpur. We look forward to establishing a long-term collaboration based on trust and integrity. I am very confident that the students of IIM Nagpur that you would recruit will play a stellar role in taking your firm to newer heights.

Prof. Nishu Gupta
Chairperson, Career Development Services

Faculty Speak

Dr. Mukund Vyas

It was absolute pleasure to interact with the batch 2021-23. What I liked most was their extraordinary energy to do more than what was expected, their commitment and security in exploring new possibilities and taking initiative especially when I interacted with them on developing their career in the corporate world. With a versatile curriculum crafted by an expert faculty of IIM Nagpur and delivered not only through the classroom sessions but also giving them immersive experiences, I am sure that these budding leaders are armed with all the necessary knowledge, skills and competencies which are demanded in the corporate world. I have no iota of doubt that these young talents are ready for all the challenges and obstacles to make impact in any organisation they join. 🌟🌟

Prof. Varsha Khandker

As I write this, the batch of 2021-23 has already started their second-year coursework in an office mode. Having done the first two terms online, their excitement of entering the classrooms in Term 3 for the first time in MBA, along with their security to learn, is something I will never forget. I have thoroughly enjoyed the academic discussions with them inside as well as outside the classrooms. It is one of the youngest batches of IIM Nagpur and displays high energy and learnability. The second-year curriculum with industry-relevant courses will prepare them for the roles they will take up in their professional life. These students have made their presence felt at various national-level competitions as well. I am sure they will continue to learn throughout their lives, grow and add immense value to the organisations they work with. I wish them all the very best for their future. 🌟🌟

Prof Prakash Awasthy

The batch 2021-2023 have gone through a rigorous case curriculum at IIM Nagpur. The core courses have helped students build a foundational understanding of all management areas through a well-established pedagogy involving Case discussions, Simulations, Real-life projects, and activity-based interactions which provides a conducive environment to develop an analytical thinking approach. This enables students to take on non-routine challenges in real-life situations and make effective and impactful decisions. Simultaneously, through the programme there is an emphasis on developing an analytical mindset that transforms students into environmentally as well as socially responsible managers.

I wish the batch 2021-2023 all the very best for the upcoming placement season. 🌟🌟

About PGP

The Post Graduate Program (PGP) at IIM Nagpur offers a unique learning experience to its students with its innovative pedagogy involving case studies, field immersion and interactive classroom sessions, thus, breaking the barrier of conventional teaching and ensuring seamless flow of illumination. The rich and litigated approach allows the institute to source the best knowledge available across the globe, be it the elite faculty from well-known B-Schools or the

Industry Experts from different sectors around the world. Each year, we are adding new perspectives to managerial skills, projecting the Institute's assurance towards developing leaders with a view oriented towards fostering excellence.

We are proud to have a very inquisitive and talented pool of students who come from diverse academic backgrounds, out of which some have graduated from premier institutes of India and some have international exposure. Having an average work experience of 24 months, most of our students are well-acquainted with corporate culture and policies, hence will prove to be an asset to the organizations they will get associated with. Our students' strong association with cultural and sports activities further fosters unity amongst the batch. Enthusiastic involvement of students and faculty alike in various academic and cultural events, be it Ganesh Chaturthi, Eid, Dussehra, Diwali, Dussehra or Christmas leads to a campus life buzzing with vitality & spiritedness.

- Management Consulting
- Strategy in Action
- CSR & Sustainable Development
- Corporate Business Simulation
- Behavioral Strategy and Competitive Advantage

IIM Nagpur Off-Campuses & Collaborations

IIM Nagpur collaborates with various organizations to promote all-round development of the students and provide opportunities across different sectors.

It is a member of The Association to Advance Collegiate Schools of Business (AACSB) and is committed to the common goal of creating the next generation of great leaders. Through this alliance, IIM Nagpur aspires to connect with the global network and contribute to improving the quality of business education around the world.

IIM Nagpur has signed an MoU with the Central Institute of Rural Informat (CIRI), Pune. The MoU provides for research collaboration, executive training & other educational programs for corporate & govt. professionals and community engagements between the two institutions.

IIM Nagpur, in collaboration with IISD – G (International Society for Data Science and Innovation – Global), announced the IISD-G 2021 Conference on Leading Business in a FLUID World which is scheduled to be conducted from December 27-30, 2021, in the online mode.

It has also signed an MoU with the National Institute for Micro, Small, and Medium Enterprises (NIMSME) Hyderabad. The MoU, signed by Ms. Elay Sankar (Director General, NIMSME) and Dr. Dharmaraj Murthy (Director, IIM), paves the way for collaboration in the areas of training, research, consulting and outreach in the domain of management, MSME development, skill development, and entrepreneurship, by way of short-term education and training programs, faculty development programs, infrastructure sharing and the development of a campus of IIM Nagpur in Hyderabad.

For international exposure, IIM Nagpur has signed Memoranda of Understanding (MoU) with several institutions worldwide. These engagements open up avenues for student and faculty exchange programs, research and training collaboration in a multicultural environment.

MoUs have been signed with the following universities:

Oyo University
Graduate School
of Strategic
Management, Japan

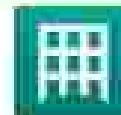

Institut Mines-
Télécom Business
School, Evry, France

University of Lille,
France

Frankfurt School
of Finance and
Management

Westminster Business
School, University of
Westminster, United
Kingdom

INDO-JAPAN Research Centre

The Indo-Japan Research Centre (IJRC) was founded in the year 2002 with the aim of strengthening and furthering collaborative research and to further the internationalization efforts of IIM Nagpur.

The IJRC at IIM Nagpur, creates cross and discipline knowledge in the confluence of Indo-Japanese thought, philosophies, and principles.

The center explores beyond the traditional bounds of the domain of management in this regard, by integrating inputs from across technological fields, and the arts and aesthetics, as stimuli to management research and education.

The primary activities of the center include conducting relevant research in the Indo-Japanese cross-cultural context, development of contemporary teaching materials including cases, industry visits, and technical notes, advisory services, and training programs in helping develop good managerial and entrepreneurial talent capable of working seamlessly across (previously) disparate cultural contexts.

The center will also organize talks and conferences periodically, in conjunction with its Japanese partners, in an effort to bring the Indian and Japanese industries, and academia, closer. Most importantly the center will strive to form deep and lasting connections between the people of the two great countries by upholding the jointly celebrated spirit of collaboration, friendship, and universal harmony.

International Immersion Program

IM Nagpur offers an intensive 'International Immersion Module' as an elective in term 5 of the curriculum. The objective of the module is to broaden the horizons of the students from a national to a more global focus. As a part of this module field visits have been arranged for students in countries like Japan, France, Singapore, South Korea and UAE. Students will be visiting key industrial touch points with sessions from top corporate professionals globally. To enhance the learning academic sessions from world renowned Academics based out of these locations are also in the pipeline. The students will also be given the opportunity to explore the city and communicate with the local population to understand the socio-cultural nuances of each country.

At the end of the module the students are required to make a presentation about the business opportunities in the country keeping in mind the current business scenario and the needs of the people of the visited country.

Craving through the endless flux of changes that have flooded the world in the past 20 months, the Indian Institute of Management, Nagpur, in order to persevere and adapt through this period of transition, conducted the fifth iteration of the annual industry-academia interaction summit, Illume 6.0. The primary motif of the event was "Innovating Today to Revolutionize Tomorrow - Disruptive Horizons of the Future" with the intention to sow the seeds of innovation in the minds of future leaders with assistance from some of the best minds in the industry. The day-long event included panel discussions on the theme of disruptive innovations in various areas of management such as Strategy, Technology and Marketing.

The chief guest of the event was **Mr. B. Achok**, CEO, Refinery Refinery & Petrochemicals Ltd., a Joint Venture Company of India's three major Oil Marketing Companies. The decades of rich experience in the Petroleum and Energy industry of Mr. B. Achok was apparent from his deep insights about the PM Ujjwala Yojana that intends to transform the lives of millions of women residing in the rural parts of the country by laying down paths through which efficient and safe fuels like LPG can reach them.

The first panel discussion of the event was in the strategy area and hosted industry paragons like **Mr. Gurgan Shah**, the CEO of Tata India, **Mr. Shashiash Koka**, Ex Managing Partner at McKinsey and Co, presently working with visionary founders of R2B SeedStartUps, **Mr. Krishna Gopal**, Global Head of Sales Enablement at Tech Mahindra and **Mr. Sangram Singh**, Head of Commercial Banking, Axis Bank, moderated by **Prof. Atul Pathak**, IIM Nagpur. Key highlights that emerged from the discussion was about innovation-focused strategies, retaining human values along with technological advancements, stepping out of comfort zones in order to make discoveries, and keeping the spirit of curiosity alive.

The second panel discussion, centred on technology, was moderated by presence of **Ms. Swarna Kumar**, Chief Technology Officer, Global Partner Solutions, Microsoft India, **Ms. Anita Guha**, Chief Information Officer Talent Advisor, IIM, **Mr. Anurag Singh**, Executive Vice President & Head of Europe at Hoxton Technologies and **Mr. Anshuman Vatsyayan**, Director, NCR Corporation moderated by **Prof. Gurgan Shah**, IIM Nagpur. The discussion accentuated the importance of up skilling and reskilling in a changing world and how the future businesses will demand 'Comb Shaped' competencies surpassing the prevalent 'T Shaped' competency Model.

In the third panel discussion, a stimulating conversation took place between two industry veterans that can be easily dubbed as the harbinger of disruptions in their respective industries - **Mr. Naveg Kakkar**, Co-founder and CEO of Hactor Beverages and **Mr. Subramanyam S**, Chief Strategy officer – Asia Pacific Region at Mollinorwe Group. The collaboration of these two minds is responsible for the creation and promulgation of widely acclaimed range of beverages - Paper Boat. The conversation ventured into both theoretical and sentimental aspects of marketing and brand management with particular focus on preserving the heritage for authenticity and building a brand inspired by a purpose.

In the presence of **Ms. Rakha Sethi**, Director General of the All India Management Association, the Apex Body of Management in India, the event came to a close with a valedictory ceremony. **Event 6.0** came to a successful conclusion achieving its goal of providing management students with an opportunity to peer into the veil of time through the eyes of accomplished individuals who not only envisioned but realized the industry landscapes of today & tomorrow.

IIIM Nagpur successfully hosted the first edition of Perma – the CEO's e-Round Table Conclave in 2021, aimed to strengthen established connections and encourage new bonds in and around the industry.

Perma – CEO's e-Round Table Conclave is a platform enabling seasoned professionals to connect with one another for sharing enriching experiences as well as challenges in an inclusively empowering, motivating, judgment-free and self-expressive atmosphere. CEOs from various industries will come together for an insightful panel discussion that would focus on spotlighting the innovative steps taken to overcome challenges, and learn about business reforms taking place during these unprecedented times.

We were delighted to have among us Mr. Sameer Chadha (CEO, KPMG Global Services Management), Mr. Vivek Bhatta (MD & CEO and Member of the Board, ThyssenKrupp Industries India) and Mr. Anuj Gundi (MD, India Valley Partners) as the panellists for Perma and Mr. Yogita Singh (Senior Associate Director, KPMG in India) as the moderator for the conclave wherein the theme of the conclave was "Dynamic business strategies used to evolve during these challenging times".

Clubs and Committees

Abhyudaya

Culture is an indispensable part of each life, reflects the values, values and manifestations of people and communities. It influences our perspectives and understanding of individuals both as seen and seen community levels, and forms an integral of your life heritage. **Abhyudaya**, the Cultural Cell of IIM Nagpur aims to encompass diverse facets of arts and culture, enhance the diversity and strengthen the relationships amongst the students of the various institutes. Since its inception it has worked to various cultural awareness, self-expression and innovative thinking by conducting organized and well-timed events and observed various festivals like Navratri, Ghos, Christmas, Rakhi etc. to name a few, with grandeur on the campus to celebrate the richness in diversity. Apart from contributing to establishing a vibrant campus life for the students, faculty and staff, the club has laid down the stepping stones for the future managers to have a better growth and development alongside the academic journey at IIM Nagpur through various work on Talent Night and Culture Week. 🎨🎭

Alumni Committee

The Alumni Committee of IIM Nagpur aims to continuously strengthen the "Alma-mater" bond and keep our ever-growing IIMs family tight-knit. The committee operationalised the touch and maintains the Alumni Forum, wherein the alumni share their knowledge, collaborate on City Chapter projects, job opportunities with the current students/faculty, and also provide domain-specific guidance to interns/groups. The committee also conducts "Mentorship Program" and facilitates "Virtual Earth" events to supplement the continuous interaction opportunities between the alumni and the students. The committee actively stays in touch with the Institute's external alumni basis, promptly seeking opportunities to include them in college-related activities. 🌐👥

Athena - The Economics and Public Policy SIG

Athena - The Economics and Public Policy SIG inaugurated by Dr. VV Subramanian, CEO to Govt of India, aims to facilitate learning economics and public policy for future managers, business owners and policymakers from IIM Nagpur and other interested people. The inauguration of various global happenings and understanding the cause-effect relationships in the economy is crucial for future leaders. The SIG endeavors to create the student community interest around the content and help widen their perspectives to bootstrap this. The SIG is responsible for a series of activities over college competitions, a monthly newsletter, Facebook group, articles, digital infographics on social media platforms, a daily Instagram story covering crucial economics news of the day, a placement guide posted to companies, and much more. 📊📈

Cineastes

Cineastes - The Movie Club aims to provide a platform to learn through entertainment. Every film sheds light on a different aspect of our day-to-day life. Each film helps us to explore a different culture and, in the process, to know our own. We never close a book without learning something; cinema is the same at another medium. As the club for movies, we recognize the utility of fiction returns and want to provide a platform for students to grow and learn through storytelling and discussion. Starting last year, we also started our journey in thinking with less films that received a great reception, thus applying practical insights to our learning. 🎬🎭

E-Cell

E-Cell, The Entrepreneurship Cell of IIM Nagpur is the student body that aims to promote entrepreneurship and an innovative mindset. At E-Cell, we make available to the students the best of the resources and inspiring entrepreneurs might need, and also give students the opportunity to interact with other successful professionals from a variety of domains. Along with connecting them with mentors, our young roster of events includes: Idea fest, present industry professionals as part of the E-Talk series, case study competitions, the Entrepreneurship and many others. E-Cell looks to support the Startup Ecosystem in India by establishing a community of motivated students, professors, mentors, and industry experts. 🌱🌱

EQUES - Strategy and Consulting Club

Eques, the Strategy & Consulting Club of IIM Nagpur, being one of the most diverse clubs in terms of industry exposure with members aim to foster a rich learning environment that helps students augment their knowledge in terms of strategy & consulting. Eques publishes resolutions to help students get in-depth industry insights and strategies to develop unique strategies adopted by various businesses with the help of demographics. It lets students to acquire knowledge of required tools & frameworks to help them understand business goals, risks, and competition and become better decision-makers. It boosts students' interest through various inter-colleges and in-house competitions and exciting live project opportunities. Through its guest speaker series - Strategy Talks and annual workshop - Asoch, Eques offers students the opportunity to learn from industry leaders and enhance their business outlook. 🌱🌱

FINesse

FINesse, the Finance Club of IIM Nagpur, aims to provide a platform for the students to explore the different areas of the financial domain and apply the domain knowledge to real-world scenarios. The club also engages the students with the latest trends and insights by publishing weekly and monthly columns. FINesse conducts its regular competitions, such as the National Equity Research Challenge to give students a platform to test their financial acumen. The club has invited many industry experts who give insights into current industry trends and help to bridge the gap between academia and industry. FINesse has taken various initiatives such as conferences and parties to further engagement and take its operations of financial financial literacy amongst the students of IIM Nagpur. 🌱🌱

IIM Nagpur Toastmasters

IIM Nagpur Toastmasters, a member club of Toastmasters International, started with the enthusiastic participation of around forty students. The club has embarked on its journey of exchanging ideas and empowering individuals to become more effective orators. The various activities planned under the club allow the students to hone their leadership and communication skills further. This platform provides to the students has helped them articulate their thoughts by giving regular speeches, listening to varied experiences, and making constructive peer-to-peer feedback. Their leaders emerge from the Toastmasters program by regularly giving speeches, giving feedback, leading teams, and guiding others to achieve their goals in a supportive atmosphere. We provide a supportive and positive learning experience in which members are empowered to develop communication and leadership skills, resulting in greater self-confidence and personal growth. 🌱🌱

Infrastructure Committee

The Infrastructure Committee of IIM Nagpur is primarily responsible for the up-keeping, hostel' allotment, and tracking the inventory related issues faced by the students on campus. Additionally, it provides continuous support to all Clubs, Committees, and Cells in dealing with infrastructure related matters, such as accommodation and transportation of students, books, and guest speakers. The team is committed to working tirelessly to resolve the day issues faced by students, such as procurement of materials, clearing of notices, and maintenance of the campus. The Infrastructure Committee aims to provide world-class facilities to everyone on the campus by acting as a bridge between the students and the administration. 🌟🌟

MarX - Marketing Club of IIM Nagpur

MarX, the marketing club of IIM Nagpur, is highly culture and purpose-driven. MarX aims to connect marketing concepts to real-world applications and to a resource for students aspiring for a career in Marketing. We also offer consulting services to external clients as a Club, which offers immense learning opportunities for the club executives and the student community. Our industry connections are driven by our guest speaker sessions, INflight, which connects top marketing professionals across organizations to IIMN Community. Our flagship national marketing event, Agam, has 1000+ registrants across digital platforms and 500+ registrations from top B-Schools of the country. 🌟🌟

Media & PR Club

Nexus, the Media and PR club of IIM Nagpur, works on the reputation of the Institute's branding message. From creating and monitoring information on the official social media handles or IIMN, setting virtual PR across the institution through newsletters, yearbook, college magazine (Mosaic), and more to helping B-School experts in accumulating accurate information and regular institutional updates, Nexus captures the entire spectrum of the Institute's presence. It also holds the responsibility of securing new banners throughout the admission process, right from appearing for CAT to their admission at the beginning of the academic year, being channelled by creative professionals. Nexus also sends the college updates in design-related activities. By fulfilling the Institute's duties as well as providing prompts, the club holds the responsibility of building the IIM Nagpur brand. 🌟🌟

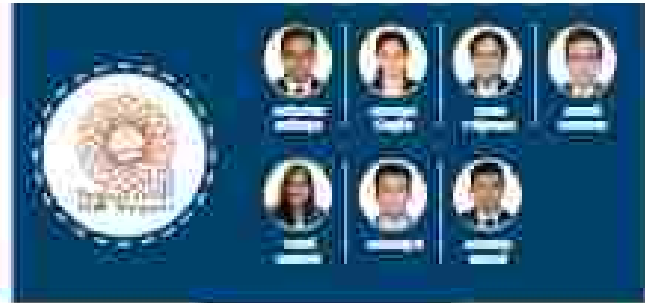

Mess Committee

Mess Committee of IIM Nagpur is responsible for providing good quality and healthy food services on the campus. The committee caters to the nutritional needs of 500 plus students throughout the year. It acts as a bridge between the messmanager and vendor on one side and students on the other to address their issues. The menu is designed to attract & serve a varied range of cuisines to the likes of a diverse batch of students at the campus. Special food during fest and other occasions is arranged with the intent to share happiness through food. We aim to achieve its quality, hygiene, and good service in this position. 🌟🌟

Opex

Opex, the operations club at IIM Nagpur, strives to foster interest in Operations Research, Supply Chain Management and related sectors. Since its inception in 2015, the club has organized events like Op-Matrs, Op-Quests, Opex camps, among others. The club has over time strived to engage students and lay its focus towards Operations Management and SCM through these events. During the academic year 2020-21, the club teamed up with IICIA International Supply Chain Education Alliance and conducted the excellent 800-hour ICMO Internship for its eight competency Development workshop. Carrying forward the legacy during the academic year 2021-22, the club organized several excellent courses like COOP, ICMO, and on top of that student committees. The club has also to find out inter-college case competition, CapProck, which witnessed an enthusiastic participation from students. Through its initiative like Opex, Opex has also organized various guest sessions on an interactive forum with industry leaders to discuss industry insights and relevant trends.

Predixion

The Analytics club of IIM Nagpur provides a platform for students to get insights into analytics and its application in a real-world scenario to learn and enhance their skills. The Club's primary purpose is to be a repository hub of analytics for students by conducting workshops, newsletters, events, and sessions. The Club conducts inter-college and national level events, which includes Data Analytics case study challenge, Dashboard and Excel competitions like Dash-Matrs, Enigma, Datafit, and Excelite to propel the competitiveness and understanding of students. Also, Club has hosted many renowned industry experts from the analytics domain as a part of guest sessions and workshop series to guide students and enhance their analytical knowledge.

Preparatory Committee

We've got you covered in every category on 8 Decs and Decets for the Workshops, Group Discussions, or Company Visits! We handle everything, from resume-building sessions for the incoming batch to preparing them for the placement process. During the placement season, we produce Company Visits and Order Reports at a bonhomie spirit. This demonstrates our dedication to meeting the needs of the batch in terms of preparation, Preparatory Group Discussions, Domain Knowledge Sessions, Mock Interviews, etc. are among the activities that are carried out. The knowledge repository provided has a thematic study material organized by topic, which assists in preparation for every aspect. We have made it a priority to proactively search for areas in which our capabilities could be oriented to provide the best we can. We would like to express our appreciation to the batch for their assistance and cooperation in facilitating sessions on resume building, mock interviews, etc.

Sports Club

The Sports Club of IIM Nagpur strives to promote physical and mental wellness among the students and facilitate a medium to release their stress through different sporting activities all around the year. The club provides platforms for students to showcase their sporting talent in events like the flagship Inter-College Sports Fest, "Triumph" and different inter-college tournaments. The club also organizes activities to encourage individuals to take up fitness activities through the "Fit into Campus", walkathons, etc. The club plays a key role in the all-around development of the students and ensures that while having fun, students also inculcate values like team building, inclusion, perseverance and comradery.

Students' Academic Body

Students' Academic Body (SAB) is a group of elected students working hand in hand with the FDP office to best represent student interests. SAB is a multidisciplinary body responsible for ensuring that students maintain the utmost professionalism in and out of class, conducting elections relating to 2nd year monitoring CEs, and bringing industry relevant coursework to notice of the FDP. SAB members work closely with the FDP to constantly represent the student voice and to guide, advise, mark sheets, disputes, etc. SAB members also act as subject representatives (SR) in 2nd year acting as a bridge between the faculty and students.

Swaviskaar

The Arts community of IIM Nagpur came into existence in 2022 to facilitate the exchange of ideas for those connected with or interested in any form of Art. The community has organized several initiatives to promote various art forms such as "Word of the week", "Artists' Open Mic on the greenwood", "Podcast", and more, with 100+ attendees. We invite teachers, artists across the country to perform live on our platform. We conduct many competitions, students from different disciplines and technical students have shown their keen interest. The main objective is to provide a platform for the students to showcase their diverse talents and collaborate to synergize various art forms.

tHRive - The HR Club

The HR Club at IIM Nagpur was instituted in the 2016 with the principal objective to create and propagate the best practices in the domain of People Management in academic and professional capacities. This club serves to become the conduit through which relationships with concepts of Human Resource Management can be developed that could later be translated into professional expertise to contribute to the work. tHRive aims to provide an in-depth understanding of Human Resource Management (HRM) through industry interaction and knowledge enhancement. The Club supplements this by creating activities and competitions involving concepts and applications from CE & HR. Industry invited speakers impart an extensive aspects of HRM. In addition, the Club invites HR professionals to learn from industry professionals through multiple guest lectures and workshops.

Ummeed - The Community Outreach Club

Ummeed, the community outreach club of IIM Nagpur, works towards creating an impact in society by spreading awareness about various social issues, countering the effects of today's youth, and developing a sense of social responsibility. Working with different stakeholders in different forms, Ummeed missions helping and empowering the underprivileged and differently-abled through its unique and comprehensive approach to social issues. In the path for vision, the club organizes events such as Blood Donation Drive, Donorship Drive, Teaching differently-abled kids, Glowsticks Campaign, Women's Day celebration in collaboration with NGOs. The club also organizes case study competitions and events to encourage sustainable business solutions for prevailing social and environmental issues.

Alumni Speaks

Zeba Nazim

Master's | PGP 2020-22

The lessons learnt at IM Nagpur extend beyond the curriculum and are based on the pillars of collaboration and commitment to working together to optimize the results in the field of management and personal development. The faculty who brought in their experience from industry and academia challenged our perspective and helped us hone the skills of being proactive and concise decision-makers through engaging lectures and case discussions. For me, it's been inspiring to be a part of IM Nagpur's network of peers, professors, and industry stalwarts whose experience has taught us to be professional, persistent, and intentional in the roles we aspire to take in the future opportunities.

Surya Kant Prasad

ICMBA | PGP 2018-21

A fabulous place to learn, innovate, develop and contribute not just to the careers of fellow batchmates but also to the institute's success stories. For me, it became extra special as the entire market was hit by covid and with a forward-looking philosophy, we introduced many new strategic initiatives on all levels of the placement cycle for achieving bigger and better success. Interestingly, IIM N has always witnessed a growth in its placement metrics and I am very confident that the upcoming placement season will keep the trend alive. Last but not the least, I feel lucky to have such a robust network of professional & personal connections which often serves as reinforcement in my future endeavors.

Priyank Purohit

Happy Intern | PGP 2018-20

Thank You IM N for the lovely memories and learnings that you gave me during my PGP to cherish for lifetime. The opportunities that I got here both curricular and extra-curricular gave me an experience of truly the best years of my life. The constant support and faith shown in my potential by the entire IM N faculty helped me to hone my skills and become an industry ready professional. Placement Committee chairs helped me to become a strong, hardworking and determined person in whatever I do. Because of peers and facilities arrangement and belief I'm now been able to succeed professionally and live a life that I always wanted.

Sparsh Jainwal

Samara Group | PGP 2018-21

With my time at IM Nagpur is nothing short of a 'BIG SMILING MISS'. I was just having 1 year of professional experience under my belt and made lots of mistakes during this stint, but I made sure that my learning curve never flatlined. The best part of this journey was the plethora of opportunities that I had in front of me. I was a member of MootCourt & Swastika, the exclusive IIP & IIP module and a diverse batch which helped in enhancing my thinking. Additionally, the Placement committee here was very approachable which was always available to help us.

Ratan Bhatnagar
Asst. M | PGP 2019-21

I always wanted to do an MBA program from a reputed institute. I was able to achieve my goal in 2019 after being admitted to IIM Nagpur.

It has been a really great experience. From the late night project submissions, festival collaborations and the field immersion program, the overall experience has really changed me as an individual.

I am also thankful to the placement committee for giving me a platform to help me land a job in a reputed company.

Aditya Lohya
Delius | PGP 2017-19

IIM Nagpur provides tremendous growth opportunity to the candidates to nurture the personality and hone their skills as a professional, making them 'corporate' ready. This 360 degree growth is achieved through its comprehensive academic curriculum, clubs & committees, social festivals, distinguished faculty cohort, superior infrastructure facilities, diverse peer group, to name a few. As a member of the Placement Committee myself, I have had the chance to know the institute's core values and its focus on supporting the candidates choosing an appropriate career option. Being accountable for someone's future, by choice, really prompted me to be efficient and smart about improving my time and provided lifelong learnings.

Shashankratis Mishra
EY | PGP 2018-20

MBA, for me, isn't only a two-year rigorous programme to learn the necessary theoretical and practical aspects of a business environment. It's a process to make one a much more interactive, resourceful and stable version of oneself. IIMN through its smartly crafted curriculum not only provides perfect business training but also a competitive environment among students and mentoring from professors help create an environment where you feel prepared physically and mentally to be able to run the world into a better future. A 9-club structure is incomplete without its Placement team and here comes the ultimate superiority of this programme, not because they help you getting placed but they create the environment for you to feel confident enough to get the best you deserve. My last years at IIMN has helped me realise as person to understand myself, gain maturity and professionally creating an everlasting impression.

Vikram Khanna
American Express | PGP 2016-18

IIM Nagpur to me is so much more than just an institute I graduated from. Being a part of the second batch gave me an opportunity to play a role in shaping the institute and I am glad that IIMN now stands among the top 10 Schools of the country. The stellar placements witnessed in the recent years is testament to the holistic pedagogy which the students at IIMN receive. I believe the work ethics instilled, be it through classroom sessions or through club activities, goes a long way in making students better employees, good human beings and in turn great brand ambassadors of the institute. I wish the coming batches the very best in their endeavours.

IMA Nagpur - New Mission Campus Inauguration Function

About

Nagpur

Nagpur, located at the heart of the country, has marked its presence as one of the fastest growing cities in India. Popularly known as the Orange City, Nagpur has shown tremendous growth in terms of infrastructure development attracting investments from different parts of the globe. MPMV (Multi-modal International Airport and Hub at Nagpur Project), said to be the largest infrastructure development in India, has put Nagpur on the world map. Said to be the first large-scale integrated smart city of the country, Nagpur is easily accessible to all the major cities across the country. All the major highways and railways

trunk routes pass through Nagpur, making it potentially the biggest logistics hub in India. Nagpur is an educational hub in Central India which has attracted the Government's attention to setup premier institutes in and around the city. Surrounded by two forest reserves, Nagpur attracts wildlife tourism and has been named as the Tiger Capital of India. Soaring industrial growth, fast-growing infrastructure, strong connectivity and best-in-class educational institutions are some of the key factors that make Nagpur one of the most sought-after cities in the country.

How to Reach

Well connected by Air, Road and Rail to all the major cities in the country, Nagpur has efficient public transport within the city like auto, taxis and the upcoming Nagpur Rail Metro. The paid bus and Club app systems are available 24/7 in Nagpur.
