Summer Training Project

At the end of second semester examination, every student of MIA will undergo practical training in any manufacturing, service or financial organization. The training will be of 6 to 8 weeks duration. The College/Institute will facilitate this compulsory training for students. During the training, the student is expected to learn about the organization and analyze and suggest solutions to a live problem. The objective is to equip the student with the knowledge of actual functioning of the organization and problems faced by them for exploring feasible solutions.

Comprehensive Viva

The comprehensive viva voce is scheduled at the end of 3rd and 4th Semesters in order to judge the understanding as well as application of the knowledge gained by the students. This is also to see the articulation of what is being learned by them. The idea is to see that students are able to digest what is being taught in two years and see their relevance not only in the practical field but also their relationships with the outside world.

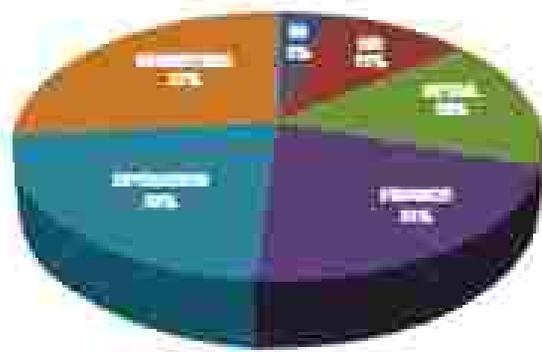

Research Project

In fourth semester, candidates have to submit a Research Project Report on a problem/topic (from the Specialization areas) to be assigned by the Institute under the supervision of a faculty member.

Placements

LLOYD achieved yet another milestone when campus placements were declared closed much earlier than the vacation year after year.

The entire batch was placed with roles & remuneration matching individual aspirations. Several aspirants opted to start their own start-up ventures. The successful completion of final placements in the challenging economic conditions is a testimony to the quality of the students and the faith of the industry in Lloyd LLOYD.
