ABOUT IIT GUWAHATI

In the turbulent times of the 1980s, IIT Guwahati materialized as a promise of hope for the entire northeast region after prolonged delineations by AASU with Prime Minister Rajiv Gandhi. As its first director, Dr D.N. Bhugain observed, IIT Guwahati was established in 1994 to preserve the region's integrity and promote its prosperity. Since then, it has been striving to live up to its calling. As the sixth member of the IIT fraternity, it commenced an academic programme in 1995. At present, the institute has 11 departments and five interdisciplinary academic centres covering all the major engineering, sciences and humanities disciplines and offering BTech, BDes, MA, MDes, MTech, MSc and PhD programs.

Within the short time of its genesis, IIT Guwahati has built a world-class infrastructure for conducting advanced research and training for global competency. With these merits, the institute has consistently attracted the finest faculty and the best of students for its bachelor's, Master and Doctoral programmes. It has a rich tradition of pursuing academic excellence and has envisioned strategies for enhancing knowledge, performing innovative research, and developing professional skills. It has achieved 6th rank in the Overall India category and 40th in World Rank Category in the Nature Index Annual Ranking 2021. In 2014, it occupied a place among the top 100 world universities less than 50 years of age, published by London-based Times Higher Education. The programmes and courses offered at IIT Guwahati have perpetually evolved to adapt to the ever-changing global requirements and acclimate to the changing industrial dynamics of different fields of study.

The promotion of entrepreneurial skills, creativity and innovation, nurturing leadership qualities, professional ethics and social awareness toward sustainable goals are some of its goals. The presence of world-class facilities, vibrant institute-industry collaborations, international exchange programs, interdisciplinary research collaborations and industrial training opportunities have bolstered students of IIT Guwahati to excel and exceed in the competitive professional environment. The alumni of IIT Guwahati are often sought after for coveted positions in the realm of business, academics and research. IIT Guwahati has MoUs (Memorandum of Understanding) signed with institutes of international repute throughout the world for semester-based student exchange programmes and summer internships, thus encouraging global integration while developing a broader outlook among our students. Students pursue internships during their vacations in industrial, managerial and research domains in leading multinational firms and research labs and contribute substantially to these organizations. The institute also offers top-notch facilities for extra-curricular activities to ensure the holistic development of the students. The vision statement of IIT Guwahati to be recognized globally for excellence in education, research and innovation, and nurture future leaders, to serve the society at large summarizes this promise. We highly value our partnership with recruiters, alumni and friends of IIT Guwahati and remain committed to making your recruiting experience effective and gratifying. IIT Guwahati invites recruiting organizations and graduating students to find the best match between their needs and capabilities.

DIRECTOR'S MESSAGE

PROF. T.G. SITARAM

The postgraduate programme in Development Studies was started in 2009 by the Department of Humanities and Social Sciences at IIT Guwahati. The department includes eleven different disciplines of Humanities and Social Sciences and conducts teaching and research in all these areas which are Economics, English, Linguistics, Philosophy, Psychology, Sociology, History, Archaeology, Political Science, Geography and Development Studies. The department offers highly interdisciplinary areas of expertise and investigation in its MA and PhD programmes. IIT Guwahati is ranked 41st globally in the 'Research Citations per Faculty' category and overall 395 rank in the QS World University Rankings 2022 released recently. IIT Guwahati has retained the 7th position among the best engineering institutions in the country in the 'India Rankings 2021' declared by the National Institutional Ranking Framework (NIRF) of the Union Ministry of Education.

Keeping in line with the tradition of the Institute the department has a rich tradition of pursuing excellence and has continually re-invented itself in terms of academic programmes and research infrastructure. The courses designed for the program draw upon many disciplines and construct a balanced understanding of historical and contemporary processes, transcending the boundaries of conventional academic disciplines. The courses root student knowledge in the local and regional character of development trajectories and practice while also providing a strong foundation in theory and concepts. Students are trained in advanced statistical methods, computer-assisted data analysis, survey design, field analysis, qualitative methods, and approaches to research design to build upon their skills acquired in the program.

I warmly invite and welcome all our valuable partners, companies and prospective employers to visit IIT Guwahati and participate in the placement process for our brilliant HSS graduates.

Prof. T. G. Sitharam, Director, IITG

THE FACULTY PLACEMENT COORDINATOR'S MESSAGE

DR. VIPUL DUTTA

The post-graduate programme in Development Studies offered by our department at IIT Guwahati brings together a rich set of inter-disciplinary methodologies to study aspects related to Indian and global politics, economy and society. The course spanning a 2-year period successfully blends theoretical learning with an insightful approach geared towards equipping students with a problem-solving approach to address current global challenges.

The department's Placement coordination cell has been successfully working to foster and strengthen its multi-institutional partnerships with key organisations across several important sectors in India. Ranging from social and statistical organisations to think-tanks and top global universities and from project management consultancies to important financial institutions, our brilliant students are making a mark as successful professionals and researchers across the world. IIT Guwahati, a top-ranking institute, provides a holistic education to students by familiarising them with a variety of knowledge systems. Through a skills-based and technologically driven academic training, we inspire our students to think about impactful answers to global challenges through their interventions. I'm delighted to welcome all our existing and prospective valuable partners who share with us our vision to successfully nurture our students into their roles of responsible professionals and look forward to forging strong ties with them.

Dr Vipul Dutta
HSS DIPPC Secretary (MA),
MA Placements & Training

About the Department

DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

The Department of Humanities and Social Sciences at IIT Guwahati is a centre for research and teaching composed of academics from eleven different disciplines: Economics, English, Linguistics, Philosophy, Psychology, Sociology, History, Archaeology, Political Science, Geography, and Development Studies. With its varied range of research interests and expertise, the department promotes interdisciplinary work in humanities and social sciences, offering projects, supervision, and fellowships to allure students and researchers from diverse academic and cultural backgrounds. Apart from its undergraduate B.Tech taught courses that include uniquely designed content offered by faculty members, the department provides highly interdisciplinary areas of expertise and investigation in its MA and PhD programmes. The MA in Development Studies is a multi-disciplinary programme initiated in 2009 and is designed to provide an advanced understanding of the cultures, conflicts, and discourses in issues involving development in ideological and real social situations through innovative course work and supervised research. The department's PhD programme promotes dialogues across different disciplines in humanities and social sciences, offering expert supervision in eight other areas of study and funded fellowships to selected full-time researchers. The department collaborates with related Indian as well as international institutions in projects and workshops to promote and produce cutting-edge work in humanities and social sciences. Placing a high premium on research output and outreach, the department consistently publishes academic articles, project reports and monographs, which corroborate the quality of work undertaken by its faculty, fellows and researchers.

About

MA DEVELOPMENT STUDIES

The M. A. Programme in Development Studies is a multi-disciplinary programme initiated in the year 2009. The programme is designed to provide an understanding of various perspectives around development issues. Through rigorous course work based on analyzing existing theoretical frameworks, scrutinizing data and guided research, it aims to equip students from several disciplines to understand, analyze and critique the developmental concerns of our nation. Its ultimate aim is to guide students to construct pathways and build solutions towards a more inclusive world. The coursework is regularly updated to keep the pressing needs of local and international issues at the forefront. Students are endowed first with comprehensive knowledge about political, sociological, economic theories to consolidate their understanding of diverse perspectives to approach a problem. They are introduced to issues concerning several sectors, from sustainability and globalization to rural development, from health and gender equality to land and displacement. The program is a blend of research and practice with a meticulously followed dissertation component. Regular term papers and group presentations assist them in building not only knowledge but also construct a work ethic that would help them work collaboratively with agencies and NGOs. Our goal is to forge an empathetic personality enabled with the public spirit to work towards a just society and evolve capacities for action. A degree in Development Studies inculcates skills in development research, critical evaluation of pivotal development issues, analytical skills and data interpretation, and a comprehensive understanding of different religions and cultures. This thorough understanding gives the students an edge over others in policy research and drafting solutions for crucial issues.

DEPARTMENT PROJECTS

- **Health Labour Market Analysis in Assam**

May 2022 - Nov 2022
- World Health Organisation

Prof. Rajarhee Bodothia
Dr. Deleha Pormar

- **A Survey of Morbidity and Mortality among Tea Garden Workers of Assam**

Jun 2019 - Dec 2022

- Directorate of Economics and Statistics, Government of Assam
Prof. Rajarhee Bodothia
Dr. Deleha Pormar

- **A Survey of Nutritional Status Among Children of Assam**

Mar 2019 - Mar 2021

- Directorate of Economics and Statistics, Government of Assam
Prof. Rajarhee Bodothia
Dr. Deleha Pormar

- **Speech Technology for North-East Indian Languages**

Mar 2019 - Mar 2021
- MeTy

Dr. Raha Sinha
Prof. Prayitoo Sarma

- **Waste-Work, Caste Stigma and Urban Precarity: Empirical Evidence from Guwahati and Mumbai in India**

May 2019 - Dec 2020
- ICSSR-IMPRES

Ashutosh Saha
Dr. Prasad Khuntia and Dr. Deleha Pormar

- **Political Economy of Land and Development in Assam**

Apr 2022 - Mar 2024
- ICSSR

Dr. Vasudhara Jorath

- **Support for Economic Analysis of the Assam Integrated River Basin Planning and Management Project**

Mar 2022 - Jun 2023
- The World Bank

Prof. Anamita Borua

- **Examining Nature-Society Relations Through Urban Infrastructure (Project-NATURE)**

Jun 2021 - May 2023
- KTH: Royal Institute of Technology

Prof. Anamita Borua
Dr. Timo Karhunen

DEPARTMENT PROJECTS

- **Support for Transboundary Hydro Diplomacy Course**

Sep 2021 - Aug 2022
- The Asia Foundation

Prof. Anamika Borua

- **Indo-Korean Joint Project on Centre for Depression Diagnosis and Medication Adherence:**

- DST

Dr Harunur Rashid Shaikhawat
Dr Oliver Hazzan
Dr Souvik Tripathi

- **Start-Up Grant Project Titled Adaptation to the Chronic Poverty and Deprivation: An Investigation into the Dynamics of Subjective Well-Being and Life Satisfaction**

- IIT Guwahati

Dr Oliver Hazzan

- **NPTEL MOOCs Course Titled "Psychology of Stress, Health, and Well-Being"**

- IIT Guwahati

Dr Oliver Hazzan

- **Role of Frontline Workers in Management of COVID-19 and Delivery of Essential Health Service During the Pandemic in Assam**

Apr 2021 - Sep 2021
- World Health Organization

Dr Debashis Adhikari, Prof Rajashree Bedamatta

- **Online Video Course on Environment and Development**

Jul 2021 - Oct 2021
- MHRD under ODS-MOOCs

Dr N. Kogeer

- **Science Communication in the Brahmaputra**

May 2020 - Dec 2021
- IHE Delft, The Netherlands

Prof. Anamika Borua
Dr Eponuzate Fortini

- **Climate Vulnerability Profiles for India: State and District Level**

Mar 2019 - Mar 2019
- DST and SDC

Prof. Anamika Borua
Shyamashree Dasgupta

DEPARTMENT PROJECTS

- **Writing Histories of Pictorialism in India**

Mar 2021 - Feb 2022
- Foundation for Indian Contemporary Art

Dr. Flora Kanchan

- **Mathematics for Economics - I**

- NPTEL

Prof. Debashis Das

- **Online Video Course on Sociology of Development**

Jul 2021 - Oct 2021
- MHRD (under CSS-MOOC)

Prof. Sanku Mallick

- **Online Video Course on Philosophical Foundations of Social Research**

Jan 2021 - Mar 2021
- MHRD (under CSS-MOOC)

Prof. Sanku Mallick

- **Open Water Lab Diplomacy**

Mar 2020 - Dec 2021
- ZWPC, HE Delft, The Netherlands

Prof. Ananda Bose
Dr. Emmanouel Fassin

- **Legal Pluralism in Assam**

Mar 2019 - Mar 2021
- CSS - IMPRCS

Prof. Sowmya Ray

- **NPTEL-MOOCs Course on Development Research Methods (Re-run)**

Jul 2020 - Oct 2020
- MHRD, CSS

Prof. Rajashree Bedamatta

- **Legal Responses to Domestic Violence: A Study in Assam**

Jan 2019 - Jan 2020
- Ministry of Law and Justice, GoI

Prof. Sowmya Ray

Why do we need

MA DEVELOPMENT STUDIES

Development studies emerged as an academic discipline during the late 20th century amid growing concerns for third world economies struggling to establish themselves in the postcolonial era. Herewith is listed some of the core areas where Development Studies as a discipline contributes and engages with:

Multidisciplinary

Through examining the past, present, and future, development studies finds causal linkages between cultural, social and political institutions in the lives of ordinary people all over the world. It helps explain why a particular situation is economic inequality or others, persists in a concerned nation. Students propose and enact practical, real-world solutions designed to build fairer societies where we all have the chance to live dignified and meaningful lives.

An eye for social inclusion

Students are encouraged to understand the social dynamics linked with the economic reality, thus taking measures to address issues of diversity and inclusion within a group setting. They learn to actively take part in creating an environment where people, regardless of age, identity, ethnicity, nationality, or any other status, find themselves in a truly able position to thrive.

Theory & Practice

Development studies programs combine rigorous academic study with practical skills. Students learn the importance of bridging the gap between policy and practice, where knowing how to write a persuasive proposal or budget plan is just as essential as understanding the theoretical concepts. These skill sets further enable students to engage with different stakeholders, ranging from international governments to local communities or general public.

Intuitive mind

Students learn the hardest skills throughout their coursework to read and understand data using an intuitive sense coupled with social science methodology. Relevant software skills are also encouraged to be learned, bringing out an overall equipped development professional.

CORE COMPETENCIES

Multidisciplinary Approach with Applied Statistics & Data Analysis

The capacity to see the comp-olitative view and the connectable between the various parts of human involvement is an ability students create as they look at nearby and worldwide issues. Development Studies unites information from anthropology, sociology, economics, literature, history and various other disciplines with a key area focus on statistical tools. A multidisciplinary methodology gives students insights into different fields and involvement in consolidating distinctive learning frameworks, data and points of view. Graduates additionally create the potential for working with distinctive individuals from a scope of backgrounds, and social and societal settings.

Quantitative and Qualitative Research Skill

Students of Development Studies do final examinations utilizing a mixed bag of methodologies. For instance, they may assemble distinct information through member perception, meeting and ethnographic studies or lead studies. Students may also critique the diverse approaches to research as well as their own role in the process. With rigorous training, students create and lead unique research that incorporates distinguishing the examination inquiry, selecting the hypothetical system, editing to a study configuration, utilizing proper procedures, directing the investigation and deciphering the outcomes. Students are trained to apply procedures that ensure the ethical and responsible conduct and dissemination of research.

Sustainable Development Goals

Master in Development Studies aims at equipping students with the knowledge and skill set required to fulfil Agenda 2030 for Sustainable Development. The MA dissertation component enables our students to engage in research that is aligned with the Sustainable Development Goals or integrated. Success may vary geographically, but also mentally and beyond narrow disciplinary confinements while paying respect and giving recognition to diversity when seeking to establish common sustainable grounds.

Influencing Policy and Decision Making

Students are trained in the process of policy analysis, decision-making, and ways of putting goals on the agenda or making a public concern, along with strategies to engage through strategic processes of placing the way forward. Thought and action are being under faculty members for global projects conducted by the government and international organisations. Key emphasis is given in involving the students about sustainability, finding trade-offs between different goals while paying account to environmental impact, human resource, and the ability to rethink and reshape policy.

COURSE CURRICULUM

SEMESTER-I

Essentials of Political Theory	8
Introduction to Economics	8
Study of Society	8
Economic History of Colonial India	8
Quantitative Research Methods in Social Sciences	8
TOTAL CREDITS	40

SEMESTER-II

Sociology of Development	8
Comparative Politics of Developing Countries	8
Economic Development: Theory & Practice	8
Qualitative Research Methods	8
India's Development: Issues & Debates	8
TOTAL CREDITS	40

SEMESTER-III

Elective I	6
Elective II	6
Elective III	6
Elective IV	6
Elective V	6
Phase 1 of Dissertation	8
TOTAL CREDITS	38

SEMESTER-IV

Elective IV	6
Dissertation	32
TOTAL CREDITS	38

ELECTIVES

ECONOMICS

- Agriculture & Rural Development
- Conflict & Financial Diplomacy
- Planning & Project Management
- International Trade & Development
- Globalization & Sustainable Development

- Interrogating Modernity
- Caste & politics of development
- Environment & Development
- Sociology of Gender
- Science, Technology & Society

GEOGRAPHY

- Power, Politics & Urban Space

MASTERS DISSERTATION

The MA Development Studies students are required to submit dissertation on a topic within Development Studies. The dissertation is one full unit for the degree and is compulsory. Prior to the first phase, students take up a course in research methods in social sciences, comprising sessions on research methods in social sciences; research design and qualitative and quantitative methods. The course lectures equip students to critically utilize research methods by learning how to assess and critique the quality of research; understanding and appreciating a series of research methodologies; investigating what comprises analytical rigidity and the choice of particular methodologies for specific problems and contexts.

1

Research Proposal

Students submit a dissertation title with a 150-250-word abstract. On discussion with their supervisors, the students finalize their topic and write a more detailed research proposal for dissertation on a topic within Development Studies. The research proposal identifies a key question for investigation; the theoretical and methodological framework to be employed in the work and a justification for why the topic is theoretically and empirically important, with reference to the literature.

2

Field Engagement

In the second phase of dissertation, the students engage themselves in field work and in gathering data. With the data collected, the students interpret and thoroughly analyze the concerned data and prepare their final thesis.

BATCH STATISTICS

CLASS OF 2021-23

Batch Size

43

Female

28

Average Age

22

Male

15

Experience

Educational Background

Education and Technology

Business, Commerce and Management

Science and Engineering

STUDENT PROFILES

43 students from different disciplinary backgrounds, coming together to develop a strong sense of tolerance and trust and the capacity to learn and adopt.

INTERNSHIPS

PREVIOUS RECRUITERS

PLACEMENT PROCEDURE GUIDELINES

Invites are sent to organizations with relevant information

Companies register and create account on the online placement portal

Company/Organisation fills the online Job Application Form containing details of the job profile and the offer using portal

If the company/organisation is interested in conducting a Pre Placement Talk (PPT) they can send a request along with the preferred dates. The talk can be held after academic hours.

PLACEMENT PROCEDURE GUIDELINES

6. The Job Application Form is made available online to the eligible students, along with any other information furnished by company/ organisation. Students apply online to companies' job profiles.

7. The resumes of all interested students become available to the organisation (view/download) on their portal account. Organisations can short-list students. Organisations are also requested to maintain a waitlist of students who can be interviewed in the event of non-availability of some of the shortlisted students.

8. Company/Organisation fills the online Job Application Form containing details of the job profile and the offer using portal.

9. Organisations visit the campus on the allotted date(s) and conduct tests and/or interviews according to their selection procedure.

PLACEMENT PROCEDURE GUIDELINES

The company/organisation has to furnish the final list of selected students soon after the completion of the selection procedure. As per the placement policies of the Institute, as soon as a student is offered a job, he or she is ineligible to continue in the selection processes of other company/organisations or apply to other company/organisations.

The CCD Office also coordinates the signing of offer letters by students who have been selected to ensure that they reach the company/ organisation as early as possible.
