INDIAN INSTITUTE OF TECHNOLOGY CANDINAGAR

The 2019 Sustainability Report provides a comprehensive overview of our performance in the areas of environmental, social and governance (ESG) and our commitment to the United Nations Sustainable Development Goals (SDGs). The report provides a detailed overview of our progress in each of these areas, as well as our future goals and the actions we are taking to achieve them. We are committed to transparency and accountability, and we believe that our stakeholders should have access to the information they need to make informed decisions about our company.

SDG 1

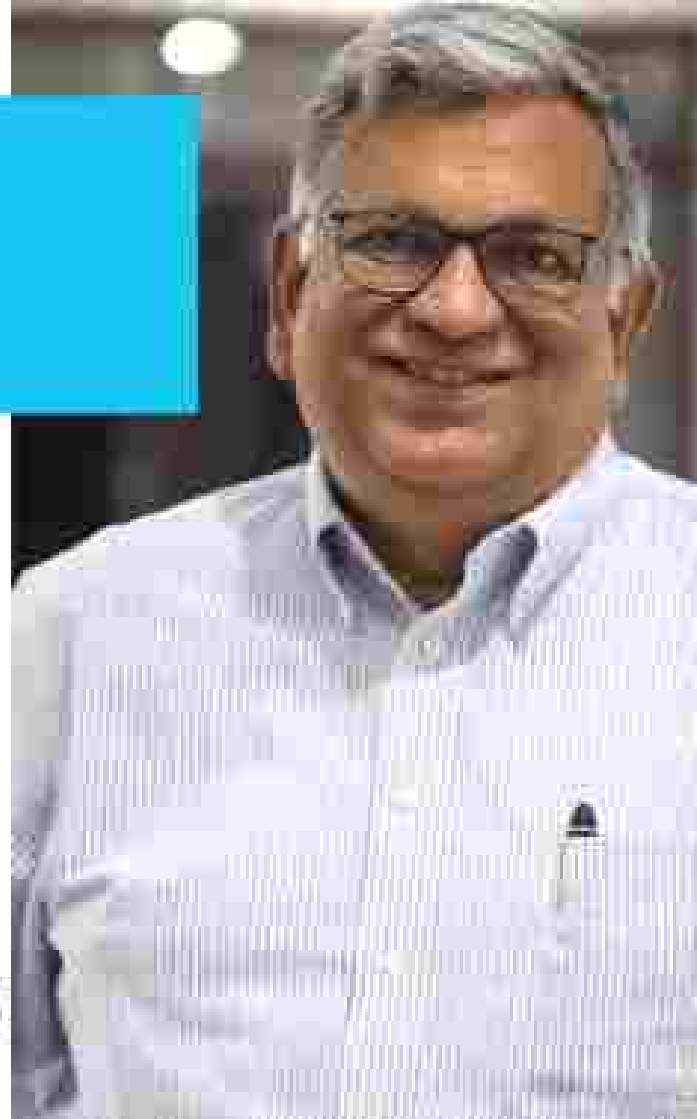

The 2019 Sustainability Report provides a comprehensive overview of our performance in the areas of environmental, social and governance (ESG) and our commitment to the United Nations Sustainable Development Goals (SDGs). The report provides a detailed overview of our progress in each of these areas, as well as our future goals and the actions we are taking to achieve them. We are committed to transparency and accountability, and we believe that our stakeholders should have access to the information they need to make informed decisions about our company.

DIRECTOR'S DESK

The institute is looking for industry partners who will not just recruit our graduates, but will also provide us with a constant feedback on improving our curriculum to match industries.

Prof. Sachin Kulkarni
Director, IIT Gandhinagar

DISCIPLINES AND CENTRES

INTERDISCIPLINARY AND THE CONVERGENCE ACROSS TRADITIONAL DISCIPLINES THAT IT MAKES POSSIBLE, IS BOTH AN ACT OF FAITH AND AN INTELLECTUAL IMPERATIVE. AN INTERDISCIPLINARY APPROACH PROVIDES THE FOUNDERS OF KNOWLEDGE PRODUCTION AND INNOVATION AND, MORE OVER, AND FORMS THE BEDROCK OF ALL ASPECTS OF THE ACADEMIC CULTURE AT UCL, INCLUDING TEACHING AND RESEARCH, AND IS THE DRIVING SPIRIT BEHIND THE SETTING UP OF SEVERAL UNIQUELY INTERDISCIPLINARY RESEARCH CENTRES.

CENTRE FOR ARCHAEOMETRICAL SCIENCES

Realising the potential of modern scientific aids in archaeology, Archaeological Sciences Centre was set up in IIT Gandhinagar to provide a bridge between archaeologists and scientific community, to aid and support research, to understand our past as well as to settle the future in a better manner.

BIOMEDICAL ENGINEERING CENTRE

The Centre has an explicit mission to produce research that is of good relevance to India, and by extension, across the world.

DESIGN AND INNOVATION CENTRE

DIC promotes collaborative research and educational initiatives on design and innovation. The Centre fosters a multidisciplinary approach, supports innovative projects and collaborates with globally acclaimed institutions. DIC projects have strong industry and social focus and follow a human-centric design philosophy in a wide range of areas, such as social innovations, ecological design, fiscal engineering, etc.

SAFETY CENTRE

Safety Centre advances to safety-related focus in the society by the means of education, training, research and the practice.

CENTRE FOR COGNITIVE AND BRAIN SCIENCES

This centre focuses exclusively in the area of cognitive science through research and developmental activities. The Centre also aims to take a leadership role in cognitive science within the country. The Centre is well equipped for its unique training programmes and emphasis on interdisciplinary research.

CENTRE FOR SUSTAINABLE DEVELOPMENT

The centre undertakes cutting-edge research in sustainability and related challenges. It fosters continuous and proactive cost-effective and sustainable solutions through its strong outreach and technology transfer programmes.

CENTRE FOR CAREER DEVELOPMENT

Center for Career Learning aims to provide a space and environment where learning can be joyful and health-compulsed understanding, with the goal of bringing back the glow in the eyes.

IITGN RESEARCH PARK

Envisioned as a high-energy workspace that naturally encourages innovative thinking and collaboration, the IIT Gandhinagar Research Park (IITGNRP) is much more than a physical space. Seeking to foster a creative and productive interplay between the industry and academia, the IITGNRP aims to help push the boundaries of innovation and research thus creating value for the industry and adding to the knowledge bank. The Research Park was established in 2017 as a section 8, not-for-profit company to achieve the above goals. 8 companies have already joined the Research Park.

Industries can setup the offices at IIT Gandhinagar Research Park to carry out R&D activities. These industry members will become part of a vibrant community with access to world-leading faculty, experienced R&D professionals, a creative community of talented students and state-of-the-art R&D laboratories infrastructure at IIT Gandhinagar. The other services of IITGN RP include help with IP management and licensing as well as establishing linkages with industries in the region. Our clients include SuperGen (a subsidiary of Nigen Limited), IIScMIL, WII Foundation, Tawata Technologies, SP Pulverizer Industries, NASSCOM, Benit Alumni Reach Foundation Foundation (BAAF), Optimizer Solutions Limited, Central Public Works Department (CPWD), ReMaterials.

STUDENT EMPOWERMENT

ADVANCED CURRICULUM

FOUNDATION PROGRAMS

- Transformative 3-week (immersion) program for incoming freshmen focused on creativity, leadership & communication, ethics, social awareness, and physical fitness.

PROJECT ORIENTED LEARNING

- Emphasis on learning by doing: 20% coursework in the humanities, core requirements in the life sciences, design and innovation.

CHOICE AND FLEXIBILITY

- Options of dual majors, minors, honors program and course flexibility and range, short courses, co-curricular opportunities, such as Undergrads@MITESpace, projects, innovation and entrepreneurship camps, etc.

ADMISSIONS SELECTIVITY

- Undergraduate selectivity at all MIT, governed by the JEE, is under 2%. PhD selectivity at MIT is just 1%.

FUTURE FACULTY PROGRAM

The gap in didactical and pedagogical training and preparation of a faculty position has been discussed widely. The Future Faculty Program aims to develop didactical and pedagogical skills of a future university teacher in a series of seminars and activities. The goal of this program is to build confidence in our students, to provide a platform for classes similar issues in training for an academic career. A series of comprehensive workshops are being conducted in order to develop training and career development, including team-work, critical thinking skills, creativity and logic in research, communication and problem-solving skills, and honing a successful academic career. These training opportunities will provide students, especially new graduates, with a career in academic.

EXPLORER FELLOWSHIP!

"As we travel across states our prejudices about different communities and cultures is challenged as we become more accepting of cultural differences, something which is very crucial in today's age of a global workforce. Furthermore, as we are

apposed to travel on a very constrained budget, it becomes crucial that we learn to implement the art and math of efficiency using every resource we have at our hand, pushing us to critically think about every decision we make along the journey, teaching us valuable life lessons that shall be useful in professional as well as personal life!" - Anish Dohay

WYSE

"WYSE primarily aims to support and educate the children of the migrant construction workers in and around Jammu through a well-equipped, full-day school running on campus premises. Over the years, Wyse has expanded its

horizons to cater to the villages around J.T. Sandhri Nagar campus, organizing for them health and awareness camps, distribution drives, teaching drives etc." - Benjamin Singh

ENHANCE YOUR LEARN!

"Even while you learn is one of the flagship opportunities being offered to students. I worked as Peer Assisted Learning mentor wherein I helped first year students to develop their English and communication skills besides their

regular academics. This position helped me invest my free time into the development of myself and my mentors and at the same time helped me financially. Whenever I advise them something good, I would once check whether I am following the same and if not following, I would follow that and then would advise them.

This helped me find out where I actually stand and how I can improve myself!" - Madison Williams

PROFESSIONAL DEVELOPMENT COUNCIL!

"The main aim of the Professional Development Council is to provide the student body with a structured framework for their overall professional development, to spread awareness about it and to create avenues for the

same. PDC to work on the following principles: a) To assess the current performance of ITTEA students in professional aspects and create platforms in order to improve upon it. b) To promote a healthy culture among the students of ITTEA with regard to professional skill development." - Hardeep

HOW TO ESTABLISH A HUB TO ENHANCE ACTIVE LEARNING EXPERIENCES

With the creation of the Maker Haven, IITB has embodied an leading the learning-by-doing approach in engineering education in India, under which people with shared interests will be able to work on projects while sharing ideas and knowledge. It is envisioned as a multidimensional marketplace or campus to foster experiential learning, design thinking, teaching and innovation amongst students across all disciplines.

CENTER FOR CREATIVE LEARNING

Center for Creative Learning aims to provide a space and environment where learning can be joyous and lead to contextual

understanding, with the goal of bringing back the gleam in the eyes.

TINKERERS' LAB

Tinkers' Lab aims to set up a culture, where students are not afraid to get their hands dirty, where students gain self-dependency, self-sufficiency, and efficiency in experimentation, a culture where they can approach problems theoretically as well as practically and use the knowledge and experience gained in the process, to come up with something exceptional that could change the course of our future. The important aspect of Tinkers' Lab is that there is no specific lab assistant of it. The entire lab is being run by the students.

STUDENTS LIFE

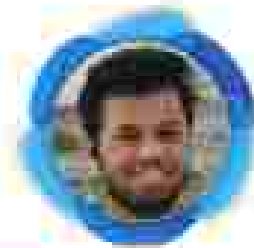

AT IIT GANDHINAGAR

AMALTHEA

"Amalthea is the Annual Technical Summit of IIT Gandhinagar. It is driven by the slogan, "Prosperity through Technology" and aims to foster a scientific temper, critical and innovative thinking. Amalthea provides these young minds with a platform to exhibit

technical skills and demonstrate excellent team work; the soft skills which are as important in today's world as technical knowledge. Amalthea features Cookware, Symposium, Events, and Exhibition and Networking Dinner and is one of the biggest Tech Event in the state of Gujarat." - Deepika Sood

WINTER CARNIVAL

"Winter carnival serves as a platform to diminish the boundaries between students, faculties and staff. The relaxing evening with a cultural twist, is all about food, fun and games." - Lakhvi Agrawal

HELLA BOL

"Hella Bol is one time of the year when almost the entire student body comes out of their comfort zone to play. Not only do we witness high intensity matches, teams competing against each other with passion and the fighting spirit. But this is the time when we can

see bonds being created, nurtured and flourished. To put it in simple words, the nights of Hella Bol are the most memorable ones in the campus." - VNS ANS

UTSAV

"Utsav, as it is rightly named, is that precious moment of every graduating student when they capture their past unforgettably 4 years spent at IITG and take a leap of their journey to the outer world. Utsav is the ultimate get together

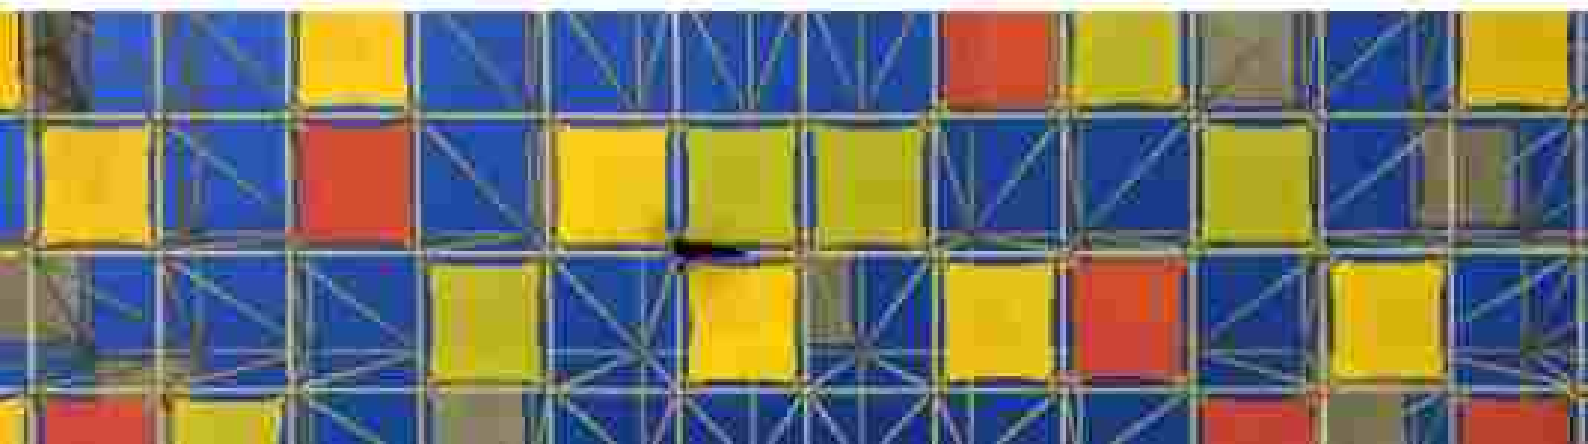

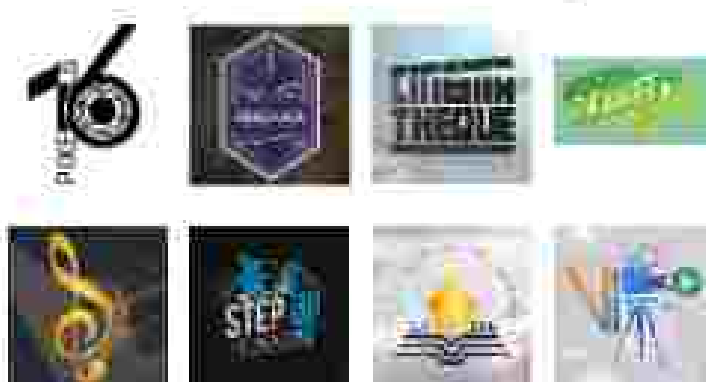

of all the faculty member and students along with staff members and their dear juniors." - Priyanshu Prasadashi

ALUMNI SPEAKS

ITGI was a perfect blend of an entrepreneurial culture and exceptionally rewarding opportunities. It acted like an incubator for me where I could explore my potential in a variety of domains like Academia, Research, Leadership, and Sports etc. In each domain, I was constantly challenged to go beyond my comfort zone.

Vignesh Kabra, A.T. Kearney

ITGI gave me wings to fly, COS gave me a direction where to fly!
 Anil Pachan, Hyundai Motor India Ltd.

IITB has shaped me not only in technical aspects but as an individual. The experiences I had, the learning, the choices I made with complete freedom that IITB offers to every student has contributed a lot to what I am today. The opportunity to choose what I wanted to learn gave me a sense of responsibility towards myself and also those around me.

Sneha Parjari, Cadila Pharmaceuticals Ltd

IIT Gandhinagar taught me to overcome hardships, make diverse friends for life and broke down my taboo to make me realize my potential. IIT Gandhinagar is not only an academic university, but an altogether experience. And this experience transformed me.

Ankit Saurev, Schlumberger

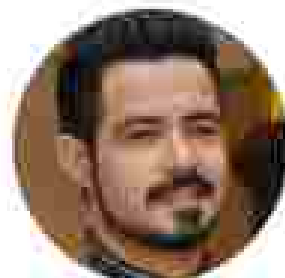

IITB has contributed immensely in shaping my personality. This place believes in the holistic development of an individual rather than just concentrating on the academics.

Nisha Rawat, Hindustan Petroleum Corporation Limited, India

IITB offered me a great platform to learn and excel in my field, by providing ample opportunities and skills for success.

Rohit Kumar Dang, Texas Instruments India Pvt Ltd

WHAT NEXT & HOW TO PROCEED?

YOU MAY WANT TO KNOW SOME INFORMATION:

Contact Career Development Services (CDS) – the formal point of contact for recruitment related decisions and team of IT specialists – on cds@apcc.edu or call 703.222.1164 for any information that you might need before filling up the below forms.

HOW TO REGISTER YOUR INTEREST FOR THE FULL CROPUS PLACEMENT PROCESS AT IT WORKSHOPS

Download the Job Announcement Form (to share full-time placement opportunities) and/or Internship Announcement Form (to share internship opportunities) from our website - www.itguy.com and share the filled copy at cds@apcc.edu.

UNIVERSITY FINALS IS THE SCHEDULE FOR THE RECRUITMENT PROCESS

Organizations start classes and finalize mutually convenient details with CSO team for the campus recruitment process around mid-September.

WHEN CSO WILL SHARE STUDENTS DETAILS?

Students register their intention on internal registration portal and their CSO will submit required other required details of interested candidates to the Organizations, generally around last week of August.

HOW STUDENTS KNOW ABOUT THEIR ORGANIZATION

Once you submit the filled JAF and/or MF, information of JAF and/or MF is made available to students along with any other information furnished by the organization (PDFs, Company Profile PDF etc).

TIME TO DEBRIEF THE RESULTS AND TO DEMO THE FEEDBACK WHICH WILL HELP THEM TO GET YOUR BETTER TALENT NEXT YEAR

Organizations schedule the campus recruitment process on selected dates and furnish the Final list of selected candidates preferably on the same day after completion of interview process.

Timeline for 2023-24 Recruitment

REGISTRATION

CSO registration: Organizations and students
 Registration: August onwards

Final Date: First week of September onwards
 One-on-One: Conference and Standalone

SHORTLIST

Placement Committee: First week of October

INTERVIEW

CSO interview: Organizations and students
 Application: October and November

Final Placement: December, January and February
 Last week of September
