Message From The Director

I feel honored to be a part of prestigious RIIM family and my challenge is not only to ensure the academic excellence but also to upgrade, enhance and maximize the skills of our student managers aspiring to be top class leaders & managers not only at the national level but also at the international arena. I therefore do not compromise on discipline & turn out of my students in any manner and I personally conduct "Personality Development & General Awareness" sessions for about 400 hours in two years.

We also ensure that each of our student goes through 15 to 20 "Industrial Visits" during his stay with us and we also conduct about 75 to 100 "Guest Talks" for our student managers.

In addition we take our students for a national & an international educational tour to ensure their best of overall growth & development.

We also ensure that only IIT/IIM/XLRI level faculty /Senior Government / Armed Forces officers are employed to impart academic education to our students.

We also have extensive corporate networking to make at least 100 - 150 well known companies available to our students for placements and our endeavor is always to ensure that 100% of our students get suitable jobs subject to fulfilment of our terms & conditions.

We also conduct large number of technological courses & capsules like Six Sigma, SAP & Digital Marketing in our institute to enable our students to face every kind of challenge in this regard at any level.

We also conduct foreign Language course for our students to give them an edge over any one else.

We also incorporate parents for grooming & transformation of our students & we also keep them periodically apprised of our every kind of curriculum & activities of their wards.

We also encourage our students to participate in every Academic, professional, cultural & Sports activity and we make sure that they only handle various committees in this regard.

we also make sure that our every out station student is initially made very comfortable in our hostel. & we also believe in periodic student feedback about their academic, professional & administrative activities to take all follow up actions instantaneously to maintain the best of organizational efficiency & effectiveness.

Lastly I guarantee the best of academic & professional growth of our students and I wish them "God Speed" in their lives.

MESSAGE FROM PLACEMENTS CELL

India is at Influx point. Growing consumerism, government's initiatives for infrastructure improvement and equally robust performance of rural and urban economy has made India, the most sought after consumer market globally.

Naturally, the long term employment scenario for budding managers appears to be bright. However, the recent market reports about lower employability of MBA graduates underline the need of bridging the gap between industry and academia.

Guest talks, workshops, mentoring and assistance in student development activities by senior corporate executives coupled with strong academic inputs compliments a student's learning process at RIIM. We inculcate sense of responsibility, task ownership and performance driven culture amongst the students, which makes them ready to face VUCA challenges of the corporate world.

If you have passion for excellence, RIIM is the ideal place for you!

Prof. Sachin Lele

Head- Corporate Relations and Faculty in Marketing

He has a decade of corporate & academic experience. His last assignment was- Head Placement at ISB&M Pune.
