ABOUT **IMARTICUS LEARNING**

Imarticus Learning is a technology-driven educational institute that has immense expertise in transforming careers across industries such as financial services, analytics and AI, business analysis and core technology. Founded in 2012, Imarticus has transformed over 35,000 careers by enabling aspirants to acquire in-demand skills using an Industry-First approach. Imarticus has programs in Investment Banking, Capital Markets, Data Science, Machine Learning etc., offered as Certifications, Post graduate programs, Bachelors and Masters degrees. These programs are available for school leaving students, recent graduates, experienced professionals, and executives with the period for these programs ranging from 4 months to 3 years.

ABOUT **THE PARTNERSHIP**

Dr. H Chaturvedi
Director, BIMTECH

“We’re delighted to be collaborating with India’s leading ed-tech solution platform to provide learners with the skills they need to succeed in the real world.

You will soon find that the PGDM (Online) curriculum is thoroughly designed to give best-in-class learning experiences while providing a new-age pedagogy using Imarticus Learning’s industry-first approach. We are certain that learners will gain a lot from this course, which will serve as a stable foundation for their future employment.”

Mr. Nikhil Barshikar
Founder of Imarticus Learning

“We’re thrilled to be collaborating with a renowned institution like BIMTECH to teach the skillsets that learners will need once they enter the workforce. Cutting-edge technologies are revolutionising the globe, and they’ve become the foundation for organisations of all sizes to run smoothly and efficiently.

As these technologies advance and develop, the need for individuals with the necessary skillsets is expected to soar. Imarticus Learning has always been dedicated to providing learners with first-hand instruction and best-in-class experiences. We anticipate a fruitful and long-term collaboration, and we will be releasing other courses in other verticals in the near future”

ABOUT OUR **PGDM (Online)** IN I. **FINTECH** AND II. **AI & DATA SCIENCE**

Imarticus Learning has collaborated with the prestigious BIMTECH to enhance their robust PGDM (Online) with specializations in **FinTech and Artificial Intelligence & Data Science**, covering different aspects of the spectrum across FinTech and AI & Data Science respectively. The curriculum is designed to provide you with a strong foundation in key elements of the FinTech, and AI & Data Science domains.

These strong FinTech and AI & Data Science PGDM (Online) programs cover the important aspects of FinTech and AI & Data science via hands-on training from industry experts.

The engaging tech-enabled learning experience enables you to apply your learning in real business scenarios and problems.

If you are looking to accelerate your FinTech or Data Science career prospects by transforming into a FinTech expert or AI & Data Science expert, your search ends here, and a phenomenal professional learning journey begins.

WHY CHOOSE THIS PGDM (Online)?

BIMTECH Collaboration

Be part of history and get a PGDM (Online) from an institute run by the Birla family, which has created a lasting legacy in Indian education for the past 33 years. BIMTECH has **Category 1 graded autonomy, NAAC and NBA accredited**.

BIMTECH Library Access

World-Class Physical and Virtual Library access known as the BIMTECH "Knowledge Centre". It is considered to be one of the best libraries in the Delhi NCR region in management education with a collection of both print and electronic resources, which include books, journals, databases, CDs/DVDs, e-journals, reports, etc.

One week campus immersion (optional)

Getting all students, who come from different academic and professional backgrounds, together and bringing them to the same level of pre-requisites needed to begin the PGDM (Online) program. They immerse themselves with their batchmates by starting their exciting journeys together on the BIMTECH campus.

Unique Specializations

These are the only FinTech and AI & Data Science PGDM (Online) programs that cover every critical aspect of the two domains. Choose either the AI & Data Science or the FinTech track and get access to Introduction to Big data, Solutions to Big data, Big data processing, etc. or Introduction to Fintech, Blockchain and Applications, etc. respectively.

Industry Partnerships

Stay updated on the latest FinTech and AI & Data Science industry trends and practices by accessing resources powered by our Research, Knowledge and Tech Partners such as **HSBC, J. P. Morgan, Citi Bank, Capgemini** and many more.

Extensive Career Support

After earning your FinTech or AI & Data Science PGDM (Online), you'll be given **unparalleled career support and job placement opportunities** facilitated by Imarticus Learning's dedicated Career Assistance Services team.

About Fintech

FinTech is evolving at an unprecedented rate, mostly simultaneously, driven primarily by transformative cutting-edge technological solutions.

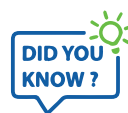

The wide-scale adoption of Financial Technology has rapidly altered the dynamics of the broader global economy, resulting in a heightened demand for skilled FinTech Specialists.

In global terms, the FinTech industry is projected to reach a valuation of approximately **\$310 Billion by 2022**, making it the ideal time to begin a rewarding career path in the FinTech specializations.

About AI & Data Science

AI & Data science are some of the most in-demand new age career paths. The business world is increasingly dependent on data and technology, and they realize that a crucial factor to their next big business decision is getting the right Data Scientist or AI expert on board. This is where the right degree comes into play.

The global artificial intelligence (AI) market is expected to grow rapidly in the coming years, reaching around **126 billion U.S. dollars by 2025**.
