ABOUT US

An initiative of SK Chaudhary Education Trust (SKCET) which came into existence with an MoU between Shankara Mahavidyalaya and New Delhi Institute of Information Technology & Management, New Delhi. The foundation of the institute S.K. Chaudhary Educational Trust (SKCET) came into existence in 1992 with a vision to extend helping hands to those regions that are in need of quality educational institutions.

Education is the single most important tool for us to make a civilized and progressive society. On one hand, we need to equip ourselves with factual knowledge and technical skills so that we can make technical advancements, cure diseases, produce food, and answer the question of life and the cosmos. On the other hand, we also need to inculcate qualities like camaraderie- to work together; kinship- to share our progress and a positive outlook to make a just and inclusive society. This is the mission of our trust- we shall always strive to provide education with value system. We seek your support, guidance and participation towards this goal.
