

EXECUTIVE POST GRADUATE DIPLOMA IN MANAGEMENT

through

**Virtual
Interactive
learning
(EPGDM-VIL)**

MESSAGE FROM VICE CHANCELLOR

My dear Executives:

Greetings of Joy!

Welcome to Xavier Institute of Management, XIM University, where excellence is nurtured, pursued and revered to create positive change for a better world through education in the spirit of 'Magis'.

XIM is one of the pioneers of Executive PGDM programs in India as it started the Executive PGDM Program in 1992 and more than 25 batches have graduated ever since. XIM faculty impart management philosophies, principles and practices through innovative pedagogy which helps executives to identify and develop management competencies required for higher level responsibilities. Through its uniquely designed Executive PGDM Program, XIMB has accelerated and enriched the careers of more than 1500 executives, many of whom hold leadership roles in various industries.

Business leaders and management experts often complain that management education is not serving the needs of industry and the learners alike even as there is a widening gap between employers' expectations and skills of job candidates, especially in emerging areas like Business Transformation through Digitization using Artificial Intelligence, Machine Learning, Internet of Things, Cyber Security, etc., However, the good news is that the access to quality management education for executives has increased over the years due to innovation in digital technology that is breaking barriers of higher education in terms of time, cost and space.

The Executive PGDM Program through Virtual Interactive Learning (VIL) is designed to equip and empower executives with the necessary competencies required to lead 21st century organizations in the post pandemic world. The program curriculum espouses multi-functional, strategic and leadership inputs required for executives to transform organizations in a highly Volatile, Uncertain, Complex and Ambiguous (VUCA) world. XIM University aims to deliver the Executive PGDM Program through VIL platform with the following objectives :

- To deliver Personalized Learning Experience for each executive enrolled into the program
- To enable executives to learn complex management issues, concepts and applications through Byte-sized Learning Modules accessible through mobile, tablet, laptop or desktop.
- To promote Peer-to-Peer Learning through discussion forums, live projects and simulations.

I invite you to join this innovative program to change the future of industry tomorrow!

Dr. Fr. Antony R. Uvari, S.J.
Vice Chancellor

*Be a part of the
change that
you want to see.*

ABOUT XIM UNIVERSITY

XIM University is one of the leading private unitary universities in the state of Odisha and envisions to foster quality education under the spirit of “Magis”, a Latin word which essentially means “more” or “greater”. The University has been established under The Xavier University, Odisha Act, 2013, and The Xavier University, Odisha (Amendment) Act, 2021. The University is a private self-financing institution of higher learning for imparting professional and technical education. Xavier Institute of Management, a 33-year old constituent B-School is the flagship school of the XIM University. The University has set up other Schools of higher learning in areas like Human Resources, Rural Management, Sustainability, Human Settlements, Commerce, Communications, Economics, Computer Science & Engineering, Law, Global Business and Governance and Public Affairs and proposes to set up other schools in areas like, Humanities & Social Science, Innovation & Entrepreneurship, and Education.

ABOUT XIM

XIMB

Xavier Institute of Management owes its origin to a “social contract” between the Government of Odisha and the Odisha Jesuit Society in 1987. It is acknowledged internationally as a world-class business school, which provides quality management education and develops future-ready managers with strong ethics and values. XIM University is promoted by XIM Society and has grown from the three decades of distinguished existence of XIM.
